NEW HEIGHTS with *Homebreds*

We had a very successful year in the showring, with almost all Homebred Animals except for the winning Jr 2 at WI State Ayrshire Show, and the first time showing a Junior Best Three at WDE. Our small herd of Ayrshires have certainly given us many opportunities and best of all, the many friends we have gained. Thanks to everyone who has helped us along this journey into a new breed. We are excited to see what 2022 brings!

Executive Director's Column . . .

I always look forward to the winter meetings for the ABA Board of Directors and Committees. It's a time when we hit reset, evaluate what worked well and what didn't for the previous year, and get to know new committee members as they get introduced to the inner workings of the Association. I know we're all tired of the "hybrid meeting" concept, yet that's life right now; and I think we managed it reasonably well. The majority of the directors and staff met at the ABA office, and the rest participated by zoom sessions.

The finances were reviewed in great detail. The official 2021 year-end finances are not complete, yet we know there will be a positive net result. The board also approved a positive budget for 2022.

Considerable time was spent evaluating a new policy on Arthrogryposis Multiplex (AM) – Curly Calf. Mary Creek, chair

of the Breed Improvement Committee, worked diligently with industry experts on a potential policy for the board's consideration. We were joined by Jerry Cassady of the American Angus Association in a zoom session where he shared the steps taken by the Angus Board of Directors when AM was identified in the Angus breed. The ABA's approved policy for AM is included in its entirety in this issue of The Angle.

We understand there will be a learning curve as we all become more familiar with terms of the policy, and we will do our best to answer your questions as they arise. Implementing the portion of the policy regarding "Impacted Pedigrees" will be a work in progress as we navigate an update to the pedigree system to accommodate this portion of the rules. To date, AM testing is now available through ST Genetics and will soon be available through Neogen. The work done by the board, committee members and staff on this entire project is a great example of what your Association dollars are doing to protect Ayrshire breeders and the integrity of the Ayrshire breed. As we've stated before, careful breeding strategies will make this recessive manageable.

Additional highlights of the meetings include:

- Annual adult membership fees will increase from \$25 to \$35 effective March 1, 2022
- Classification fees for herds not enrolled in Rewards will be \$150 minimum herd fee and \$20 per cow, regardless of membership status

- National show status was granted to the New York Summer Ayrshire Spectacular

- National show status was granted to the Midwest Ayrshire Summer Show

- A Summer Jr. 2-Year-Old class will be added to all national shows and the All-American contest

- The Exhibitor's Herd class at all national shows will be replaced with Sr. Best 3 Females

- Known AMC bulls will be designated in the Blue Book, and we will continue to educate as much as possible on Curly Calf

- Great brainstorming on strategy to expand the variety and number of bulls available in the AI population and marketed by individual breeders

- ABA is integrating new technology to gain efficiencies

- Watch for increased efforts in social media and online promotion ■

Becky Payne

The President's Message . . .

Happy New Year to everyone! A New Year often brings New Year's resolutions. A possible resolution in 2022 could be a plan to transfer the assets of the farm to the younger generation. As the farm population gets older, the need for farm transitions becomes greater. Starting a transition plan is not easy, and it is hard to know just when to begin. It also can be hard to even start the discussion, but very worthwhile in the end. The stakes are high, and many do not make a successful transition for many different reasons.

Delaying the initial conversation is one of the reasons for failure. The older generation sometimes believes the younger generation needs to talk first. A stalemate between the generations often is the result. Waiting seldom fixes anything and often makes things worse. It is important to start a meaningful conversation sooner rather than later.

A crucial conversation can be risky. To begin, it usually works best to think the conversation through and make a plan. No one likes surprises, and asking to have the conversation alerts the younger generation that the older generation is ready to talk about transition planning.

One of two things will happen. Either the younger generation will say yes, or they will not commit. If the latter happens, postpone the discussion and try again later. No need to rush into anything.

Sometimes allowing the other person to talk is all it takes. Don't try to solve anything in the first meeting except to hear each other out and come up with a time for the next meeting. A good transition plan should take some time to build and more time to execute. If the farm is fairly large and several families are involved, legal council should be considered. Often there is a reluctance to ask for legal advice due to a possible fee. However, it can also avert a lot of troublesome problems in the long run, and be well worth the money spent. There are many ways to construct a workable transition plan. A review of the options available and a subsequent exercise of elimination is a great way to get the plan started. Here is a review of some of the transition structures for consideration.

One option is to bring the next generation in the first year at a smaller percentage such as 20%. This allows them to scale into the

needs of the farm operation. The farmer can adjust the percentages over a period of years, or until the younger generation has taken over the farm operation.

A more formal option is to write up a farm business partnership. This option will need legal assistance, and the partners should become familiar with the tax requirements of this option of transfer.

Recently a very popular option is the LLC (Limited Liability Corporation). The LLC is a more complex structure and requires state fees and state approval. This option limits the liability of the farm and also offers the advantage of one set of bookkeeping. This option definitely requires a lawyer who has experience in farm transfers.

The fourth option is to form a corporation for the farm business. With this structure, the farmer can transfer shares of the stock rather than percentages of the business. For some, this may make more sense than any of the other options. Regardless what option is chosen, the most important thing is to start early, and take the time to get the right plan for your farm and family. The New Year may be the right time and the right option of continuing the farm long into the future. ■

My Best to all of you,

Tom Gillette

Happy New Year from the American Milking Shorthorn Society.

This issue of *The Angle* features the All-Americans from both the Milking Shorthorn and Ayrshire breeds. Both breeds have made huge strides over the past 10 years and the quality of the entries in the contest reflects that. Congratulations to all breeders and exhibitors of the All-Americans as well as those that entered our contest. The work it takes to raise an All-American quality animal is a 365-day-a-year job and the efforts of our breeders do not go unnoticed.

The AMSS Board of Directors met in early December and made decisions to move our society forward.

The biggest change was to the cost of classification. We received an increase in costs from Brown Swiss which, unfortunately, caused the board to pass the follow-

EXECUTIVE SECRETARY'S REPORT...

ing price increases to our members.

- Member fees will be \$135 Minimum Fee
- \$ 75 Multi-Breed Fee
- \$ 16 Per Cow Fee
- Non-member fees increased as follows: \$160 Minimum Fee with a \$ 30 Per Cow Fee

A clarification was made for EXPRESS program classification.

First lactation animals scored more than once within their lactation will be charged \$16. Second lactation animals scored more than once within their lactation will be charged \$16. All third plus lactation animals will be charged \$16. A second tour within a year the minimum fee will apply or \$16 per head (whichever is greater).

While this may still seem confusing to some, the rules for classification within the Express program have not changed.

The AMSS will, again, host an online sale. This sale will take place March 23-26, 2022, on Cowbuyer. Contact Matt Henkes for more information at henkesm91@gmail.com or (563) 880-8614. This sale allows breeders to see many herd book level animals. It also allows breeders from across the country to purchase animals.

A new AMSS website will be unveiled in early 2022. We have been working with Christy Achen to revitalize our (old) site and make necessary improvements.

As I write this, I am wrapping up my last days as the Executive Secretary for AMSS. It was truly a privilege to serve the Milking Shorthorn society as your executive secretary. Promoting the red, white, and roan in this capacity was something that I never thought I would be able to do. It was a learning process and a time of discovery within the breed. I appreciate the calls, e-mails, and text messages I've received the past few weeks. While I may be leaving the national office, my participation in the Milking Shorthorn breed is not ending. I will still be a breeder, and promoter, of the greatest breed I know – the Milking Shorthorn. ■

PRESIDENT'S CORNER ...

Happy New Year!

This issue of *The Angle* highlights our 2021 All-American contest. We had a wonderful group of animals entered in both the junior and open divisions. Congratulations to everyone who was nominated and/or was a winner!

Membership renewal invoices were (e) mailed in early January. We had a few small increases in our prices for the Express Program and for classification. We will continue to offer these great services, with reduced package prices, to help promote your registered cattle. Please be sure to submit your applications to the national office and pay your membership fees as soon as possible.

On another note, it is with mixed feelings that we announce the resignation of our Executive Secretary, Brenda Gudex. Brenda's resignation was effective January 14, 2022. We are sad to lose such an asset to our society. Her knowledge and love for the breed will be hard to replace. We wish her success in the future and thank her for working with the AMSS.

We now are accepting applications to fill the AMSS Executive Secretary position. As we continue to move forward, many di-

rectors and other members have stepped up to help carry the load while searching for a qualified candidate. Kathy will continue in her steadfast position, keeping things in the office moving forward. Please be patient as we work through this transition time.

Thank you, Kathy, and all those committed to the Red, White, and Roan.

Best to all in 2022. ■

Marcia Clark

Spring Spectacular Online Sale

March 23-26, 2022

Held via Cowbuyer.com

Looking for live lots, embryos and semen

\$50 entry fee & \$10 entry fee for semen

A late winter has finally arrived, bringing chilling temperatures and icy conditions. After a warm, rainy, Christmas, frozen water buckets on New Year's Day were a rude awakening.

I have been indoors working on scholarships and FFA proficiency applications. The year 2022 will be bringing big changes at Buckeye Knoll including a June wedding of my older sister, Hannah, and I will be moving to Stillwater, Oklahoma to pursue a double major in Agricultural Communications and Agribusiness at Oklahoma State University.

November brought about the end of the 2021 show season in Louisville, Kentucky. The vibrant green shavings, once again, displayed some of the highest quality Milking Shorthorns around. This exhibition allowed us all to catch up with old friends and share knowledge with fellow breeders. NAILE provided an opportunity for the Jr. members to meet for a pizza party where judges for the 2022 NAILE were nominated.

For my family, March always marks the beginning of our show season with the Ohio Spring Dairy Expo. As soon as the weather breaks enough to stand being outside for longer than fifteen minutes, my siblings and I will once again be out in the driveway working with our show heifers. The year 2022 is

already bringing new opportunities to grow in agriculture for me personally. In mid-February, I will be attending a young farmers convention through Dairy Farmers of America. I will be able to meet with other young dairy farmers and learn more about the co-op that Buckeye Knoll is a part of. The following weekend, I will be attending the National Farm Show in Louisville, Kentucky. Though it will be odd to watch tractor pulls instead of dairy shows in Freedom Hall, I will better understand the new technology in the agriculture industry.

June is quickly approaching, meaning the AMSS national convention is right around the corner. I want to remind all junior members to apply for any awards or scholarships that they are eligible for. Applications for these can be found on the Jr. Milking Shorthorn website. A new position for this year is a Jr. Ambassador. The Queen position is being expanded to allow for male Jr. members to become a representative for our breed. If any Jr. member has questions about the applications or awards, feel free to contact me!

I hope everyone has a safe and quick winter so we can meet again for the 2022 show season. ■

Junior Award Forms
DUE MAY 15TH

YOUTH SPOTLIGHT

KATIE WEISS | ARCANUM, OHIO

Name: Katie Weiss

Age: 17

Where do you live? Arcanum, Ohio

Where do you attend school? Arcanum Butler High School

Family members: Casey, Krista, Alex, Maggie, Charlie, and Henry Weiss

Parents: Casey and Krista Weiss

Hobbies/interests: Some of my favorite hobbies include spending time with my family, fishing, camping, gardening, painting, running cross country, and hanging out with friends.

Club involvement: I'm involved

in the Grade A Kids 4-H club, Arcanum MVCTC FFA, Art Club, and SADD Club.

Role/chores on the farm: My chores on the farm are to ensure the animals (cows, goats, and dogs) get fed the right amount of food and that they have clean water. I also bed the pens with corn stock and straw to keep the animals clean and warm.

Most special memory with cows: My most memorable moment with a cow was at my county fair. It was with my first calf named Colorful. The year before she was a spring calf and got last place in almost every show we went to. Since it was my first year in 4-H, I was extremely upset by this. Then, the next year Colorful received 1st

place at most fairs. When we went to Darke County Fair (Ohio) she won Junior Champion.

Any special awards won and with what cow? I received Reserve Grand at the Ohio State fair with a cow named, Orchid. I received Junior Champion and Reserve Grand Champion with Colorful. Many of the calves I've sold, and their offspring, have done well in shows as well.

Why this breed is special to you: The Milking Shorthorn breed is very special to me because my dad raised and showed Milking Shorthorns growing up and I grew up raising and showing Milking Shorthorns, so I have grown attached to the breed. ■

Have you *Herd*?

Enduring FOR SUCCESS IN

By Melissa Hart

“We bought
a
Shorty calf!”

Those five words created the Milking Shorthorn partnership of Peter Vail of Florida and the late Mike Hellenbrand of Wisconsin.

“Mike came up to me at Madison several years ago and said, ‘We bought a Shorty calf!’ and that was how I got into the Shorty business,” explained Vail.

Hellenbrand and his wife, Linda, were longtime friends and partners of Vail. Hellenbrand loved colored breeds and while he was partial to Guernseys, Vail put his foot down: “I told Mike that I had tried the Guernseys for a little bit, and I didn’t want any Guernseys!”

Instead, Vail expanded his color breed business to Ayrshires when he bought a young cow named Marlie Gentleman Karmina, now EX-94. “I bought Karmina as a fresh 2-year-old at the New York State Fair from Doug Evans in 2015. The longevity of her show life is incredible. She is still showing and was Grand this year at World Dairy Expo.”

He acquired Bear-Ayr Burdette Ray, now EX-94 2E, from Jason Steinlage of Iowa. Vail noted, “That is how I got into the Ayrshire business. Those two cows are

pretty damn good, so I started looking for other ones to purchase.”

In 2021 he came up with 11 Ayrshire All-American nominations, including four unanimous All-Americans: Karmina is the unanimous All-American Aged Cow, Palmyra Reagan BR Blush VG-88 is the unanimous All-American Jr. 2-Year-Old, Chluka Burdette Xana-ET is the unanimous All-American Milking Yearling and Kingwood Chelyote Destiny is the unanimous All-American Fall Yearling.

His Milking Shorthorn All-Americans for 2021 included Hard Core Rebel Rhapsody ET EX-93 2E as the unanimous All-American 5-Year-Old, Lazy M Wildside Genette EXP VG-86 as the unanimous All-American Sr. 2-Year-Old and Elite-HP Showtime Fireflame EXP as Honorable Mention Fall Calf, and Elite HP Fire Spark was nominated All-American Fall Yearling.

While Vail has owned all breeds, his appreciation for Ayrshires and Milking Shorthorns is in their health traits, production and conformation. He also appreciates how easy they are to care for. Ray and Karmina are boarded at Budjon Boarding in Lomira, Wisconsin. “Those two cows stand in tie-stalls at Budjon!” he exclaimed. “They have never been in a box stall. They come in, they eat and milk and don’t require much vet work.

“They are easily the lowest-maintenance cows in the barn.” Karmina and Ray are his two favorite Ayrshires; they are both 11 years old and still going strong.

Among his favorite Milking Shorthorns are Hard Core Rebel Rhapsody-ET EX-93 2E and a perennial favorite, Hard Core Premium Firemaid-EXP EX-92. “Firemaid was Supreme Junior Champion at the Eastern National in 2014 and she developed into a

heck of a cow. I bought her as a heifer, and she turned into a great brood cow.”

Firemaid was also named Junior

Vail and partner Kelli Cull were elated when Marlie Gentleman Karmina EX-94 was named Grand Champion at the International Ayrshire Show in 2021.

Partnerships

EVERY COLOR

Champion at World Dairy Expo (WDE) in 2015, Intermediate Champion at WDE and the Eastern National in 2016, and Inter-

mediate and Reserve Grand at the Eastern National in 2017. She has been Unanimous All-American as a Fall Yearling and a Senior

2-Year-Old.

"Rhapsody just gets better with age; I love that cow. She milks really well, and there just isn't much expense with these cows. Longevity is a huge part of it as well," Vail said.

Hard Core Rebel Rhapsody-ET had a good show season in 2021, as she was named Grand Champion at the Eastern National and Senior and Reserve Grand Champion at the Winter National in Louisville. She's a Rebel out of Hard Core O'Royce, an EX-95 Othello daughter.

He touted the progress that both breeds have made over the years in milk output and conformation. "It's amazing to me how far both breeds have come over a relatively short period of time," he said. "If you look at what the cattle looked like five to 10 years ago relative to what they look like today, it's amazingly different, moreso than any other breed. It's incredible!"

"If you find a good calf or heifer, ask questions, learn, and make sure you get connected with someone who will help you reach the greatest potential for that animal."

US Ayrshire Executive Director Becky Payne noted the contribution that Vail is making not only to the breed but also to the association, "Peter has been very vocal about his appreciation of the breed and how much it has improved especially over the last five years. After World Dairy Expo he pointed to the Ayrshire Production Class as one of the best production classes of all the breeds." She continued, "As a valued mem-

continued from page 13

ber of the show committee where integrity was the topic in a recent meeting, Peter made a statement that has stayed with me, "You can't legislate morals."

Vail's love of the dairy business came from his family heritage, as he grew up on a dairy farm during the milk-can era in eastern New York. He went to Cornell University, where he enjoyed success on the dairy judging team winning the collegiate contest in Waterloo, Iowa. After graduation he spent some time farming and then moved onto the fertilizer business. He spent several years moving up the corporate ladder and watching the business maneuver and change over the years.

In 1979 he met with some businessmen from North Carolina. "We went to the yacht club, enjoyed a drink or two and struck a deal with a handshake and never signed a paper. That's when CaroVail Fertilizer was established, and today our sons are running the business."

Over the years, Vail has enjoyed many partnerships with cattle. He invested in Jerseys and when he sold those, he was out of the cattle business until he got caught up in Brown Swiss genetics with Ken Main of Copake, New York. After purchasing a few head, Main and Vail were sitting in a pizza joint in Hillsdale, New York, when they decided they needed to build a barn. They successfully merchandised Brown Swiss genetics through that barn for a number of years and had a sale in September 2019, where the 2018 WDE Supreme Champion Cutting Edge T Delilah sold for \$210,000 to Ken Main and Kenny Joe Manion.

Delilah was Vail's favorite cow of all time. "Not only is she great looking confirmation-wise, but she also has a hell of a personality. When she walks into the show ring, she acts like she owns the joint."

Currently his Milking Shorthorns are housed at Dale and Deanna Bendigs' in Gettysburg, Pennsylvania. "Dale and Deanna do a great job at taking care of the cattle and getting them out at shows. If you want to have success in this business, you need to find that ability in whoever is going to take care of your stock, whether they be partners or caretakers," he explained.

His partnership with Tom and Kelli Cull has been vital since it began in 2005, when he purchased Llolyn Jude Griffin EX-95 for \$82,000 in a sale. "Norm Nabholz told me there was a young couple in Wisconsin and they would take good care of her, and that's when that partnership began," Vail said. "I remember the first time I drove up there and up on the hill was Griffin and (Krull Broker) Elegance EX-96 in the pasture, and it was a beautiful sight."

He continues to invest in cattle because he enjoys it and wants to stay involved. "This creates an avenue for me to stay active and it really goes back to my days when I was a teenager showing calves. I just love it."

For anyone looking to partner on cattle, Vail advised, "If you find a good calf or heifer, ask questions, learn and make sure you get connected with someone who will help you reach the greatest potential for that animal." ■

Bear-Ayr Burdette Ray EX-94 has been a perennial favorite and was third in a deep Lifetime Component Merit Cow class at World Dairy Expo.

Hard Core Rebel Rhapsody had a good day on the green shavings at the North American International Livestock Exposition as the Senior Champion and Reserve Grand Champion of the 2021 Winter National Milking Shorthorn Show.

Vail has enjoyed a great partnership with Tom and Kelli Cull at Budjon Boarding. Tom was on the halter when Marlie Gentleman Karmina was named Grand Champion at World Dairy Expo.

JUDGES' RANKINGS

The following people were asked to serve as judges in the 2021 Ayrshire All-American contest because of their role as a national show judge, or a judge of one of the largest state shows. If the judge had an interest in any animal, he or she did not judge that class.

Campbell McQuat - Eastern States National Show
Kurt Wolf - Mid-Atlantic National Show
Michael Creek - International Show
Jamie Howard - International Show Associate Judge
David Hanson - Southern National Show
Matt Henkes - Minnesota State Fair

Lynn Lee - New England Spring Show
Phil Topp - Kentucky State Fair
David Wallace - Mid-West Spring Dairy Show
Ryan Krohlow - Mid-West Summer Show
Bill Langel - Ohio State Fair
Mark Brown - Iowa State Fair

Arlene Crosser retires from ABA

The Ayrshire Breeders' Association honored Arlene Crosser at the winter board meetings for over 16 years of service as an employee of the ABA, which began in May 2005 when she shared her time and duties between the ABA and the National Dairy Shrine. Although her job responsibilities have been varied over the years, the majority of her workload has been registrations and transfers for Ayrshire breeders.

As Arlene prepares for her well-earned retirement from the ABA, we celebrate her loyal service, friendship and dedication to us. Arlene has always enjoyed meeting breeders in person, saying it's nice to put a face with the voice. That feeling was mutual for many who met her at conventions and World Dairy Expo over the years as Arlene was "the voice" who answered many of the phone calls during her tenure.

Arlene reflects back on the years saying, "Growing up I did not have much exposure to Ayrshires. I have learned to appreciate the breed and the progress it has made in type and production. The quality of animals being shown at national shows is so impressive. The "Ayrshire Fraternity" is one of the best groups of people with whom I have worked. They are hard-working, friendly, caring people who are striving to develop a cow and products that will feed consumers and provide income for their families."

Arlene's official last day in the office is January 28, 2022. She plans to continue assisting with a few special projects and relief help during the transition period after her retirement begins. We wish Arlene all the best, and thank her for the hard work and loyalty she has provided the ABA.

Next generation of Ayrshires sells high

The nextGENeration Ayrshires sale was a success! As the final bidding concluded January 8, 2022 on Cowbuyer.com, 19 of the 26 lots posted were sold, meeting the reserve prices set by individual consignors.

The highest-selling embryos were the mating of Old-Bankston JC Barclay-ET x Toppglen Wishful Thinking-ET consigned by Tanner Topp of West Salem, OH. "Wishful Thinking" is EX-94 3E, has records over 20,000M, and has been Unanimous All-American two years in a row. Scott Wolf of Epworth, IA was the successful final bid-

Toppglen Wishful Thinking-ET EX-94 3E
Dam of high-selling embryos

der at \$1,200 per embryo.

The top pick of flush at \$5,150 was the mating of Blue-Spruce Ringer x Grand-View HP Gibbs Dips-ET due September 2022. Dips is EX-93 and was the 2021 Unanimous All-American Aged Cow. The mating sold is a potential 11th generational

Grand-View HP Gibbs Dips-ET EX-93
Dam of high-selling pick of flush

Excellent. This exciting lot was consigned by Matthew Hanson and Kelsey Petit of Goodridge, MN and purchased by Joel Koch and Janell Koch of Winsted, MN.

The sale was managed by the Ayrshire Breeders' Association Marketing Committee.

Let the AMSS help market your Bull!

*** * * DEADLINE IS MARCH 15, 2022 * * ***

The AMSS Board of Directors is in the process of creating our EIGHTH bull book to further our breed promotion. This book will feature all collected bulls, in some form, available to maximize the genetic diversity and potential in your herd. We printed our first issue in 2015 and it was a resounding success. All bulls must be registered with the AMSS (GE, GR, G1, G12, EXP or Full Herdbook), have a proper NAAB code, be DNA tested, and have available semen. The Bull Book will have a variety of different marketing opportunities for you to promote your genetics. The size of a page will be approximately 4.25 X 5.5 inches. The cost for advertising will

be as follows: 1 Bull = \$110, 2 or more Bulls \$85 per page. We will present as much information as possible on the bulls. In addition to the advertised bulls, we will have a listing of bulls in the back of the catalog for \$15, or 5+ for \$10 each. This listing will have minimal information about the bull. The April 2021 sire proof updates will be used. There will be at least 1,000 copies of this publication printed and it will be made available at the national convention, all national shows, to all the members of the AMSS and anyone else who requests a copy. Also, a small number of books will be distributed internationally. *Deadline for submitting info is March 15, 2022.*

For questions, please contact:

Allen Hess, Chair, (301)991-2194, ahess@lancopennland.com

Matt Henkes, 563-880-8614, henkesm91@gmail.com

Please forward all interests & available sire listings to: American Milking Shorthorn Society
800 Pleasant Street, Beloit, WI 53511
Email: registrations@milkingshorthorn.com • Fax: 608-365-6644

We look forward to partnering with you to promote the genetics within your herd and the Milking Shorthorn breed!

Policy of the Ayrshire Breeders Association relating to the registration status of potential and known carriers of Arthrogryposis Multiplex (AM) - Curly Calf Syndrome

The phrase "impacted genetics" shall refer to any animal that is a descendant of a confirmed carrier of the Arthrogryposis Multiplex (AM) mutation that does not have an intervening descendant that is tested free of the mutation at a testing center approved by the ABA. Examples of intervening descendant and impacted genetics pedigrees are available.

Date the Association officially recognized the condition: September 1, 2021

Date approved commercial testing offered: December 1, 2021

Effective date of this policy: February 1, 2022

Qualifications and procedures for registration

1. Status of males and females registered prior to the Effective Policy Date (EPD)

a. All males and females with impacted genetics in their pedigree shall remain registered. Testing on these animals will not be mandatory. However, if they are tested their status is required to be reported to the ABA and the status will be recorded on the registration certificate and pedigree. **AMC** denotes a carrier of the mutation. **AMF** denotes an animal free of the mutation. Testing is strongly encouraged on all of these animals.

b. Pedigrees on impacted untested animals could be designated PAM (potential AM Carrier) for information purposes this could also include animals in the genetic recovery program with one or more unknown parents where the unknown parent happens after 2003).

c. International genetics that are known AM carriers or are untested will be designated with the suffix AMC or PAM when they are recognized by the Ayrshire Breeders Association Herdbook. Their resulting offspring will require testing for registry.

2. Registration Status after the Effective Policy Date:

a. **Males.** All males submitted for registration that have impacted genetics that do not have an intervening ancestor tested free of the mutation must be tested. If the animal is determined to be free of the mutation, AMF, then registration proceeds normally. If the test results show the applicant is a carrier, AMC, of the mutation, registration is denied.

b. **Females.** All females submitted for registration that have impacted genetics that do not have an intervening ancestor tested free of the mutation must be tested. The results

All complete lactation and type appraisal data for animals will be provided upon request where space limitations prevent printing all performance records.

of the test have to be reported to the ABA and the status will be permanently attached to the registration certificate and pedigree. The animal will be eligible for registration.

c. Generational unknown parent:

Any female offered for registry that has an unknown ancestor in its pedigree since 2003 is required to be tested. The test results must be reported to the ABA and the registry certificate and pedigree will be noted with the test results. This animal will be eligible for registration.

Ayrshire Breeders Association Sponsored Sales

This policy pertains to ABA sponsored sale events only and do not rule privately managed events. However, ABA strongly encourages all sale events to follow this policy.

1. Embryos. Embryo consignments will not be accepted that have known AM or PAM carriers in their pedigree unless there is an intervening AMF tested individual in the ancestor line.

2. Males. Only AMF free males will be eligible.

3. Females. Impacted females must be tested for eligibility unless there is an intervening AMF individual in the ancestor line. Regardless of AM status the animal is eligible for participation in the sale. These results will be openly included on registration certificates and pedigrees and will be included in promotional materials.

Homozygous males or females that survive are not eligible for registry.

Clones from AMC individuals or impacted genetics without intervening ancestors not already born and registered will not be eligible for registry.

ABA will make available a list of all tested AMC carriers.

MILKING SHORTHORN

ALL-AMERICANS

by the numbers

Congratulations to our All-American and Junior All-American nominees and winners! With the return of a "normal" show season, the number of entries for both divisions of the contest increased.

Judges were selected from our national show listing as well as judges from our largest regional and state shows. The listing of placings reflects shows that we received results from prior to the deadline of the contest.

Our national shows are listed as the following:

- International
 - Northeast
 - Eastern
 - Winter
 - National Junior Heifer Show (Junior Only)
- The Western National was not held this year.

The next largest shows that supplied judges for the contest were as follows:

- Northeast All Breeds
- Midwest (WI) Regional
- Illinois State Fair
- Midwest Spring
- Iowa State Show
- Youth Classic (Junior Only)

Judges abstained from voting in classes where there was a conflict of interest.

In Memoriam

Keith Burgess, 72, passed away December 4, 2021. He was born August 6, 1949, in Hutchinson, KS, to Hubert and Ruth Burgess.

Keith graduated from Nickerson High School, Providence Hospital Radiologic Technology School, and Columbia College. He enjoyed showing, as well as breeding, his Ayrshire dairy cattle and passing that love on to his son and grandchildren. One of Keith's proudest accomplishments was being chosen to be a Moose Pilgrim.

He is survived by: his wife, Jane; son, Lee; grandchildren, Brittani, Brock, and Braxton; sisters, Kathy McNair and Karen DeLap; and brother, Karl Burgess.

Keith was preceded in death by his parents, and a brother, Kenny.

Funeral service was held Monday, December 13, 2021, at Elliott Mortuary with Pastor Rebecca Stark officiating. Burial followed in Memorial Park Cemetery, Hutchinson.

In lieu of flowers, memorials are suggested to the Buhler United Methodist Church or Moose Charities, in care of Elliott Mortuary and Crematory, 1219 N. Main, Hutchinson, KS 67501.

She is from one of the deepest and oldest cow families in the Illawarra Breed today!

With type, longevity and production the Joyce Family has been in the Glencliffe Herd since 1949.
The Maternal Line can be traced back to 1914 from Rosetta of Glenthorne.

The Sires:

Gorbro BT
Sunstorm Supreme *Sun Supreme*

ISPINGERLY X ABSOLUTE-RED

A popular son of the great Wallumlands Sunstorm 8 EX95 3E
who is admired for her balance, incredible udder and
great dairy strength! She is 3 x Supreme Champion Illawarra Cow,
3 x Best Udder and 2 x All Breeds Champion Dairy Cow
at International Dairy Week.

AND

Ovensdale
Jennys Tribute *Tribulation*

MITCHPRESS X KITKATBOY

A high percentage Illawarra sire from the herd
of the Jenny family from Ovensdale.
His maternal line reads EX-5E STP x EX2E x VG88 STP
and is stacked with production!

SUNSUPREME EMBRYOS WILL COME IN AT GI2 AND TRIBULATION EMBRYOS COME IN AT GE HERDBOOK LEVELS.
ALSO: GLENCLIFFE JP JEDI SEMEN WILL BE AVAILABLE IN US.

Located in the USA @ Hawkeye Breeders - no import costs!
