Happy Holidays! Time has sure flown by this year, hasn't it? I've had the opportunity to visit with many of you over the last few months, and it seems like we're all caught up in our own frantic pace trying to get work done.

In addition to the normal traditions of the holiday season and enjoying the company of family and friends, this occasion is also the trigger for thinking of new beginnings and evaluating every business decision.

Over the last year, the ABA Board of Directors and a subcommittee tasked specifically with program review have studied the Rewards program and evaluated fees and participation since its inception in 2000. The program has really evolved over the years, and some interesting statistics were brought to light for those who weren't decision makers in the beginning. It might

interest you to know:

- The per cow fee has been relatively constant over the 21-year span from \$16 in 2000 to \$19 in 2021.
- The herd fee has remained the same at \$100.
- The lowest registration fee for members was \$12 in 2000 for heifers under 4 months old and increased to \$17 in 2013 where it remains today.
- The classification program has made significant changes over these years. From the beginning to present day, every herd enrolled in Rewards has been eligible for two classification evaluations per year.

From 2000 to 2005, the per cow fee was \$7 which paid for a computer-generat-

In 2013, the ABA entered into an agreement with the Brown Swiss Association for them to coordinate our classification program. At that time, the fee increased to \$12 per cow, and all cows received a cowside final score. The latest classification fee increase came in 2020 at \$15 per cow.

As you can clearly see, the Board of Directors has been determined to make Rewards THE PROGRAM for breeders committed to Ayrshire breed progress. This effort must be tied to responsible business decisions as well, and the time has come to adjust the fees for the 2022 Rewards Program. The entire program is outlined in this issue as well as the application itself. Updates to the program include:

- The per cow fee will increase to \$22

*The REWARDS Program as a whole is geared for Ayrshire breed advancement as the entire program is built upon contributing data to the dairy industry and recognizing our breeders for this contribution. I encourage every Ayrshire breeder to evaluate the benefits of this valuable program. REWARD yourself, REWARD your Ayrshire breeding program, and REWARD the Ayrshire Breeders' Association by committing to the advancement of our breed.*

ed final score plus linear trait evaluations. In 2006, breeders could choose a cowside final score and pay \$11 per cow for this service, or continue the computer-generated process for the \$7 per cow fee.

and breeders will continue to be eligible for two classifications per year. The herd fee continues to be \$100.

## The President's Message . . .

When Christmas rolls around each year, I thank God for my many blessings. My family being foremost, but I am also thankful for my many Ayrshire friends. Without a doubt the Ayrshire Association can be thankful for an outstanding Board of Directors. Billy Branstetter, Greg Evans, David Hanson, Bruce Kempkes, Lynn Lee, Donna Mertz, Gay Rodgers, Steve Schmidt, Rhonda Winkler, Kurt Wolf, Bill Woodis, and Ex-Officio, Mark Valentine. They can always be counted on to step up to any challenge that comes Ayrshire's way.

One of U.S. Ayrshire's huge undertakings this year is to install a new software program that will make the association far more efficient and streamline our programs. This has not only been costly, but a long and tedious undertaking. In order to install this high tech new Australian computer program, Becky Payne, our Executive Director, found it necessary to stay up in the late-night hours in order to communicate with the Australian computer programmers. They call Australia, "the country down under" for a reason. Our night is their day and vice versa, our day is their night. A big thank-you to Becky for her time and dedication to make this breed improvement become reality.

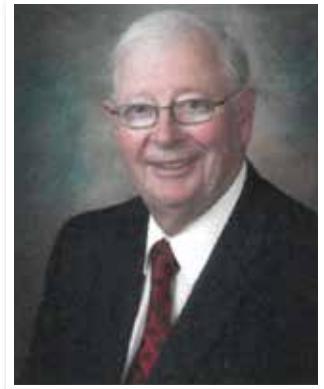

Many other members have also stepped up to help with Ayrshire projects. At the risk of leaving someone out, I want to thank everyone who has helped solve potential problems this year. And a special thank-you to all our committee chair-persons who are truly the unsung heroes of our association. Especially Jess Valentine who heads up our junior activities.

The Association had a genetic recessive problem dropped on us in late summer, better known as "curly calf recessive." Untangling this required a huge amount of time and many conference calls and meetings. We finally got a resolution to the problem and the information released to the breeders. Thank you to Mary Creek for dedicating many hours and meetings to finding a resolution to this problem.

Many people helped with the Ayrshire Booth at World Dairy Expo. Harold Deering, Linda Hanson, Doug Murray, Gay Rodgers, and Steve Schmidt. I think it was a resounding success and all

breeders can be proud of the job that got done.

Thank-you to Donna Mertz and Rhonda Winkler who both stepped up and helped out a great deal with the 2021-2022 Year Book. Year Books are available to anyone who would like a copy. If you have not gotten a copy, please check online. It contains a lot of valuable information. Also thank you to Mike Creek for judging the World Dairy Expo. It was a great show with great reasons.

Thanks to everyone who participated and all the buyers in our online "Ayrshire Day". There were too many participants to mention by name, but we all know who you are and appreciate your support.

I'm sure I have unknowingly missed thanking individuals who have contributed their time and talents to the Ayrshire Breeders' Association. I apologize if I have missed anyone, and I want to say a heartfelt thank-you to everyone who has helped in any way to move our association forward this past year.

Please accept my best wishes to everyone for, A Very Blessed Christmas Season and Prosperous New Year.

MERRY CHRISTMAS AND HAPPY NEW YEAR!

My best to all of you! ■

## PRESIDENT'S CORNER ...

As 2021 comes to a close, I'd like for us all to reflect on the great things AMSS has accomplished this year as well as the opportunities we look forward to in 2022.

Wisconsin hosted a successful in-person convention in June. With over 200 attendees for the convention, forty-seven head shown in the National Heifer Show, thousands of dollars raised for AMSS and state association through the silent and fun auctions, and a National Sale gross of over \$100,000, we were all happy to be able to get together to celebrate our society.

Breeders, exhibitors, and other AMSS supporters were able to attend four of our five national shows. Congratulations to all participants including class winners, cham-

pions premier breeders and premier exhibitors. Thank you to all exhibitors for being part of these great shows. All-American entries/placings are now being tallied for the 2021 show season and results will appear in the next issue of the Angle.

We continue to make progress on our new database. We hope to have a new system, ABR, up and running in 2022. The system will be more user friendly and proficient for record keeping.

The AMSS Express program continues to be an important part of our association. The program includes one classification per year on first and second lactation cows. We need milk records and classification information in order to build our pedigrees! Please contact the office if you have questions about the program or want to sign up.

We will soon have a new and improved AMSS website. We plan to unveil a newly designed website in early 2022. The site will be more eye appealing and user friendly and will also allow office staff to easily update the site.

We have a great membership! AMSS members truly appreciate and support the red, white, and roan. Special thanks to the board of directors and committee members for their many hours of volunteer time and to our office staff, Brenda & Kathy for the wonderful job they have done this year.

I want to wish you all a Merry Christmas and A Happy New Year. ■

# Young Maryland Dairyman Excels with Milking Shorthorns

One 4-H Project Purchase Sparks a New Venture

By Bev Berens

Chris Dixon of Whitehall, Md., began his farming career about 15 years ago. It has not been easy, and he doesn't recommend starting from scratch, but his efforts in building a high-quality herd are finally coming together.

It started with one purchased Milking Shorthorn as a 4-H project to step away from deep competition among the Holsteins. No female offspring resulted from that purchase, but the second and third made up for it and, in time, the herd grew as he worked for a farmer where he could house his cattle and develop his herd. Most of the colored cattle on the farm today go back to those four or five original cow families.

In 2007, it was time to step out on his own. Beginning with 15 head of Milking Shorthorns, a mix of cows and heifers, and 56 Holsteins from the farmer leasing his parents' farm, Dixon set to dairying, focusing on developing his Milking Shorthorn and Ayrshire lines. Today, the herd of 120 mostly registered cows is about 75 percent colored breeds and a full 60 percent of the herd are Milking Shorthorn. The balance are Holsteins.

With a closed herd for the past 10 years, Dixon depends on home-bred females to carry the load, and his cattle are up to the task. In the last four years, he has had 20 cows go Excellent - no small achievement for anyone. Using both the Ayrshire Rewards and Milking Shorthorn Express programs, he registers all his cattle and obtains production information, classifications and other program benefits.

"I like the Milking Short-

horns because they are hardy, tough and breed back easy," he said. "I got into them showing in 4-H as a kid because the Holstein competition was so stiff. I kind of took a liking to them and never looked back."

Challenges in both the Milking Shorthorn and Ayrshire breeds are the lack of sire options from the larger semen companies, but there is growing opportunity for privately collected semen. Dixon recently obtained some privately collected semen from Keith Fisher of Hard Core Farm in New Enterprise, Pennsylvania and is looking forward to the results of these future matings. Overall, he hopes these bull lines will help spread his animals' genetic base.

He has begun consigning cattle to Fisher's sales, and to local youth sales in the past few years. He explained the Ayrshire breed offers a little more variety selection; however, those blood lines also tend to get bottled up.

Dixon is the fourth generation on the farm begun in 1900, though farm operators skipped a generation from his grandfather to himself. The farm was leased out for 20 years and he has made many upgrades since taking the reins, including setting up for the 120 cows he milks in a flat barn, with the help of his father.

Last year he built a heifer barn and is in the process of building another heifer and dry cow barn. He hopes to position the farm for another generation to take over, in time. The land is double-cropped with triticale and corn for silage. Protein and shelled corn are purchased.

*I got into them [Shorthorns] showing in 4-H as a kid because the Holstein competition was so stiff. I kind of took a liking to them and never looked back.*

He enjoyed the show ring as a youth and is helping other young people realize the same experience by leasing animals to friends' children. The kids showing his cattle did well this year locally, and made respectable showings at the Maryland State Fair and the All-American Show.

Dixon tries to get back for these shows, but as a one-man operation his free time is scarce. "I'm a one-man band around here, other

than parents helping me, so I don't get a whole lot of time away," he said. "It was fun to go, and would even be more fun if I had time to be there didn't have to run back and forth."

He is looking forward to continuing the arrangement and hopes the kids really dig into the cattle and show ring - dreaming of the day when his home-bred animals take the spotlight at a state or national show.

In the middle of one of the warmest Octobers on record, farms all across Darke County, Ohio are in the full swing of harvest.

On Buckeye Knoll, we've been non-stop chopping silage and running corn. Almost every day a heifer is calving out. And just to add to all the madness on the farm, we are in the middle of my favorite season, show season!

My dad and I made the eight-hour trip to Harrisburg, Pennsylvania for the All-American Dairy Show. Along with my regular queen duties of passing out awards, I was able to compete in showmanship and converse with new and old friends. It had been a few years since my family had been able to attend All-American.

Since this was our first time attending this particular show without any cattle, my dad and I made the decision to visit the Hershey Chocolate Factory about 30 minutes from Harrisburg.

Soon after we arrived home from Harrisburg, it was time to make another journey to the colored shavings! My dad, sister, and I all piled into my tiny Chevy Cruze and start-

ed our trip to the World Dairy Expo. It was a great feeling to finally be back at our favorite show and to see some world-class cattle.

On the day of the heifer show, I had just put on my crown and sash when a little girl ran over to me and said she wanted to be a dairy queen one day too. Her sweet smile definitely put a pep in my step for the rest of the show.

As I sat ringside, neck medallions at the ready, I was in awe with the quality of our show. The red, white, and roan are definitely heading in the right direction. I wish to extend a huge congratulations to all the class winners and Champions from our shows so far!

At the time of writing this column, we are gearing up for NAILE, where I will have a few heifers to show. I can't wait to see everyone again on the green shavings.

Happy Holidays! ■

# Walking the Colored Shavings Hetke Crosses Exhibiting at WDE Off Her Bucket List

*By Danielle Nauman*

“Going into it, putting my whites on for that first time on the colored shavings, at the big dance, was so exciting and special.

There was always the possibility I’d fall flat on my face, but that didn’t matter. It was just something I always wanted to do,

*and I’m very glad I did it.”*

MADISON, Wis. – Tuesday morning, Sept. 28, dawned like Christmas morning in Madison, Wis., for many excited Ayrshire breeders, ready to parade the best of their best across the hallowed colored shavings at World Dairy Expo’s International Ayrshire Show.

It was an especially exciting morning for Janet Hetke of CloverKey Ayrshires in Ladysmith, Wis. After years of packing her family off to World Dairy Expo, Hetke packed her own show whites this year, preparing for her first-ever trip around the floor of Veterans Memorial Coliseum at the Alliant Energy Center.

Hetke and her husband Paul milk 50 registered Ayrshires on their CloverKey farm near Ladysmith in Rusk County, where they raised their four now-grown children: Elizabeth, Andrew, Dale and Serenity.

Her dancing partner for the day was a milking yearling named CloverKey Dwhammy Skylark, a daughter of Family-Af-Ayr Double Whammy. Their trip to the colored shavings actually began back in 2018, when Hetke’s youngest child ventured off to college, leaving Hetke with a terrible case of the empty nest blues.

“I hated the empty nest; anyone who knows me knows I need people around me, badly,” Hetke said. “The winter of 2018 was terrible in northern Wisconsin, with ice

**Janet Hetke of Ladysmith, Wis., was able to cross showing on World Dairy Expo’s colored shavings off her bucket list when she exhibited her Ayrshire Milking Yearling in the International Ayrshire Show Sept. 28. (Photo courtesy of Andrew Hetke Photography)**

storms, lots of snow and long stretches of below-zero temperatures. It was just a really hard winter for me.”

After struggling for that first winter, Hetke was determined not to let the next winter defeat her the next year. When Skylark was born on Sept. 27, 2019, Hetke decided that she was going to be more than just a calf; she would become Hetke’s partner in getting through the long gloomy months of winter in the upper Midwest.

“I decided that I would make myself get out in the sunshine every day throughout the winter and work with this calf to show the next summer,” Hetke said, figuring that the time spent with the calf in the sunshine, fresh air would help bolster her spirits and make the winter pass more quickly.

“I hoped that if I loved her like Clifford the Big Red Dog, then she would grow and be magnificent,” Hetke said with a laugh.

It worked, and Hetke said the winter spent with Skylark was much more tolerable for her, and she was looking forward to being able to show her friend off as a fall calf in the coming summer. Then COVID-19 hit, and Hetke’s opportunities to exhibit Skylark dwindled among the pandemic shutdowns.

“I looked ahead, and just hoped we could get her bred and calved in to show as a milking yearling in 2021,” Hetke said.

Skylark obliged; calving in on Aug. 22 to begin the month-long process of preparing to compete on the colored shavings.

That was a long and tedious month for Hetke, watching to see if Skylark could be showring-ready in just over a month. Then came the rumors of restrictions and mask mandates extended on Dane County, which affected WDE exhibitors. The continued mandate made Hetke question if she was willing to sideline her principles to avoid a

potential showring violation from Expo.

“Sometimes it is difficult to be principled,” Hetke said, about her choice to not only take her opportunity to walk the colored shavings, but to do so maskless. “But it is so important to stand up for what you believe in, and for your freedoms in this country.”

Once she stepped on to the purple shavings, Hetke said the enormity of the coliseum struck her.

“I have shown before but this was so huge! I was the first one in the ring...I did not know how fast to go, or how far to go away from the wall; it was quite overwhelming! My son Andrew was standing on the rail, taking photos and he was motioning for me to slow down,” Hetke said with a laugh. “Then another exhibitor who was supposed to be in front of me came in and set the pace for me. That helped calm me down.”

Hetke was able to calm her nerves enough to enjoy her experience on the colored shavings.

“The associate judge asked me some questions, and he seemed like he was genuinely glad to see me smiling out there, enjoying myself and my cow,” Hetke said.

Hetke’s Skylark finished seventh in her class, which was good enough for her.

“Going into it, putting my whites on for that first time on the colored shavings, at the big dance, was so exciting and special,” Hetke said. “There was always the possibility I’d fall flat on my face, but that didn’t matter. It was just something I always wanted to do, and I’m very glad I did it.” ■

The judges selected the Intermediate Champion, Palmyra Predator B Ruthless-ET, for the Reserve Grand Champion banner.

## Judge's Reflections

Creek's description of the Senior Champion and Grand Champion Cow:

*"Today the Aged Cow puts together a full package of outstanding mammary system, dairyness, correctness to her feet and legs, style, and balance. ## Judge's Reflections

*"What a show we've had here today in the Ayrshire ring. Before I go and select my champions, there are a few people I would like to thank. I'd like to thank The Big E for offering me this opportunity and the exhibitors for asking me. I find this experience extremely humbling and I am very grateful for it. For Ayrshire Champion today, I am going with the first prize 4-Year-Old. For me, she is a cow that exemplifies everything you need in an Ayrshire cow, and she is very, very true typed. She gets the advantage today over our Senior 3-Year-Old as she is just a little bit nicer on the walk. I admire her through her chine over the cow in Reserve."*

# In Memoriam

**Michael J. Anschutz** passed away on November 9, 2021, at the Ellsworth County Medical Center in Ellsworth, KS at the age of 52. He was born on July 8, 1969; and was adopted to Donald "Mert" and Loyola (Peterka) Anschutz in Ellsworth.

Michael grew up in Wilson, KS and graduated from Wilson High School in 1987. He then attended NCK Technical College in Beloit, KS for 2 years. He moved back home and worked for Victor Brothers Auctions for many years. He also spent many years showing cattle through the American Milking Shorthorn Society where he was rewarded the Past Dual-Purpose Breeder of the Year in 1998. He could always be found at the Kansas State Fair and many other state fairs, where he showed his shorthorns. He also salvaged metal and iron.

Michael was a friend to many. He enjoyed helping the children at 4-H and was asked to become an honorary member for all his years of service to them. He loved playing cards with his father late into the night and watching the Chiefs and KU on television. He was known for his sharp memory as he could remember dates like no other.

Michael will be greatly missed by all who knew him, but the celebration of his life and memories will never be forgotten. For to each one of us who had the privilege of knowing him, he leaves a legacy of true kindness, deep caring, and devoted love.

Michael is survived by his parents, Donald and Loyola; brother Merlin Anschutz of Topeka, KS; and many aunts, uncles, cousins, and friends.

Memorials are suggested to Donor's Choice or Wilson Volunteer Fire Dept. and may be sent in care of Plumer-Overlease Funeral Home, 610 24th St, PO Box 533, Wilson, KS 67490.

**Byron N. Smithson, 86**, of Ridgeville, IN, passed away Saturday, October 30th, 2021 peacefully while in the company of family members at IU Health Ball Memorial Hospital in Muncie, IN.

Byron was born in Green Township on April 1, 1935, a son of the late Thelma (Sipe) and Richard Smithson. He was a 1953 graduate of Green Township High School, a standout athlete for the Tigers excelling in three sports.

He was the proud owner and operator of Bonanza Holsteins, building his herd into one of the premier registered dairy herds in the Midwest, including "Patsy", who held the Indiana State Milk Production record in 1967.

Byron was the loving husband of Mary Louise (Rittenhouse) Smithson, who he happily married on May 23, 1953 and sadly lost on January 21, 2018. He and Mary shared many happy years together, a love of family, farming, square dancing, line dancing, gin

rummy, euchre, and enjoying a well-prepared meal made with love by Mary.

Byron was a former member of the Monroe Central School Board, helped initiate the construction of the current Monroe Central Elementary Building, and an avid "Smithson" sports fan. He will be long remembered for his dedication to his children and grandchildren, often found in the front row of their events throughout the years, basketball games, showing cows, and enjoying an evening out at Teppanyaki.

Byron is survived by his 5 children; Kathi (Smithson) Lillie, Pam (Smithson) Whitehead, Mark Smithson (wife Beth), Shane Smithson, and Todd Smithson, 2 brothers; Roy Smithson (wife Bonnie), John Smithson (wife Muriel), 15 grandchildren, 20 great grandchildren, 3 great great grandchildren, several nieces, nephews, and a special caregiver and niece; Jenny Rebecca Sayers. He was preceded in death by his parents, loving wife Mary, and sister Virginia Dudelston-Withers.

Donations should be made to the Randolph County 4-H Club.

an international show. We had more cattle from more states than either the Holsteins or Brown Swiss.

I can see remarkable improvement in the past several years. Richard Kellogg, who was the official announcer at the show, stated in a radio interview that no dairy breed had made as much improvement the past five years as had the Milking Shorthorn breed.

One of the changes this year involved the selection of the Kitchell Sayre "sportsmanship" award. This selection was decided by a ballot vote of all exhibitors at this show. The first ballot was the Howard Withers family. (Ohio) Those of you who have had the privilege of visiting the Withers home know there is no end to their hospitality and graciousness. These attributes are just as noticeable at shows and are being passed to children and grandchildren."

## FROM THE AMSS JOURNAL "LETTER BOX", 1921:

**Q. Why do roan cows give more milk than red ones? ALP, Colorado**

A. The same way married men live longer, because it seems longer. There is no relation between milking ability or fleshing ability and color.

All (red, white and roan) are Short-horn colors any animal has all colors in its pedigree and is apt to reproduce any of them in its offspring.

# International Milking Shorthorn Show

September 28 & 29, 2021 | Madison, WI | Judge: Dean Dohle, Halfway, MO | Assoc. Judge: Keith Fisher, New Enterprise, PA

**Junior Champions from left:** Associate Judge Keith Fisher, Judge Dean Dohle, Rita and David Hogan, Michelle Upchurch, Kristin Hogan-Killgore, Hope Morrison, Scott Wolf, Willow and Tristin Upchurch, Mike Gregory, Colton Gregory, Queen Carrie Rhoades.

After a touching tribute to his family and a special thanks to our military veterans, Judge Dean Dohle named Maple Fudge of 12 Oaks the Grand Champion of the International Milking Shorthorn Show. Fudge was also the Grand Champion of the Junior Show. Judge Dohle admired the now EX95 during the naming of the Junior Show Grand Champion. "I think for us when you pull this old cow out and you watch her walk she's so free on her leg she's so comfortable... that

udder is just unbelievably good especially the closer you get to it... her crease high above the hock, just a tremendous individual." Fudge was the Nasco Type and Performance winner and the Total Performance winner of the show.

Reserve Grand Champion honors went to Corstar Presto Lulu ET, the winning Aged Cow for Cory and Kristin Salzl, Litchfield, MN. Judge Dohle complimented the 2E94

**Grand Champion Maple Fudge Of 12 Oaks, Colton & Ashley Brandel, Lake Mills, WI**

# 2022 AMSS EXPRESS APPLICATION

*A complete Service Program of the American Milking Shorthorn Society*

I hereby apply to enroll my herd in the AMSS EXPRESS Program. I understand that the program is renewable at the beginning of each calendar year. I agree to abide by all rules and regulations governing the DHIR testing program and type classification program of the American Milking Shorthorn Society. I further understand that I am equally responsible to the directors of my DHIA organization, the testing supervisor, and the agency in my state supervising the DHIR program for adherence to all DHIA and DHIR rules and regulations.

The yearly per cow fee is based on the number of registered and genetic expansion cows enrolled on DHI test at the date of enrollment. There will be no additional charge for cows added to the herd and no refunds for cows leaving the herd during the year. # AMSS Board of Directors Meeting

Tuesday, August 24, 2021

The August meeting of the AMSS Board of Directors was called to order at 7:04pm by President Marcia Clark on August 24, 2021.

The full board was in attendance. Executive Secretary Brenda Gudex was missing and Kylie Preisinger was designated as secretary.

There have been issues with Brenda's email. She has worked with Google IT to define the issues and actively working on solutions.

Office updates: caught up on Registrations and Transfers, made arrangements with three old outstanding accounts to be paid, not extending Junior transfer deadline.

ABRI: trouble getting some files to them (above mentioned email issues) and finding best contact at InSinc has been an issue. Things are moving forward though.

Website: Joanna has looked into hosting platforms that would be an upgrade from Weebly – Wordpress appears to offer what we need.

International Committee: Ads are scheduled to be placed in Australia and UK yearly publications, request also sent to New Zealand.

TRAVEL: 2021 unlikely – US borders closed to non-US citizens at this time

2022 - IDW (Australia) unlikely to have US visitors,

- World Shorthorn Conference (July 7-20, 2022) in the UK will need 2 represen-

tatives. Please consider who AMSS should send and verify interest and ability to travel. Juniors have ability to send 1-2 representatives as well.

Permanent Identification Issues and Discussion: There have been a number of issues with ID's (840 tags needing replacement, non-laser printed dangly tags, metal vet/brucellosis tags as ID tags, etc.). Should we encourage tattooing? Lengthy discussion by BOD resulted in the following:

1. Need to educate breeders on the current acceptable forms of permanent ID and to enforce those rules as registrations come in and we work with shows.

2. Further discussion to happen Nov/Dec BOD meetings to determine best way

to move forward to keep things simple for breeders and the office as well as meet state/DHIA requirements and need for permanent ID with our herdbook

Semen Tank: Katie Agnew submitted draft wording for "Storage and Shipping Liability" and "Terms and Conditions of AMSS Shipper Tank Usage" which would be emailed to breeders who ordered from the AMSS tank and would also be printed and sent in the shipper tank. The BOD was in favor of moving forward with both with no changes recommended.

Eddie Hartfield moved to adjourn at 9:00pm. Susan Lee seconded the motion. Meeting adjourned.

Respectfully submitted by Kylie Preisinger

## 2021-2022 National Ayrshire Ambassador team

continued from page 17

**Allison Adrian**

F a r m s . A d r i a n owns two cows, two heifers and one calf of the Ayrshire breed. Adrian raises show heifers on her family's small farm and is responsible for mating the herd. She enjoys showing dairy cattle at county, state and national levels. Adrian be-

came involved first with the Wisconsin Ayrshire Association attending annual meetings and showing Ayrshires with a friend. She now has held officer position within the association, was the 2019 Wisconsin Ayrshire Queen and has grown many networks in the industry. Adrian hopes to be a show cow and show heifer nutritionist and continue to grow her herd while working with the Ayrshire association on the national level.

**ABIGAIL HAMBLEN** hails from Lebanon, TN and is the daughter of Jennifer Hamblen. She owns one cow, three heifers and two calves of the registered Ayrshire breed. Hamblen attends Green Hill High School and currently serves as her FFA's Chapter President participating in events and organizing activities. Outside of her time in school and FFA, Hamblen enjoys showing her animals. In the last year, she won Junior Champion Ayrshire at the Black and White TN State Show, Williamson County Fair and the Putnam County Fair. Hamble was also honored to show the Reserve Junior Champion at the Dairyland Classic, Madison GA, Wilson County Fair, and Middle Tennessee Regional Dairy Show. With such passion in agricultural, Hamblen's goal is to become an agriculture educator.

In her free time, she loves to watch criminal justice tv shows.

## Executive Director's Column ...

continued from page 6

- The registration component of the program is changing, and will not affect many herds unless you register many ET calves. Starting in 2022, the Rewards program includes registrations of animals born in the year of enrollment for no additional fees, up to 65% of the number of cows enrolled in the program year. Animals registered beyond this will be charged at \$14 each for those 4 months and younger. Registration applications received after 4 months of age will incur an additional \$2 fee.

- Incentives such as discounts on Yearbook entries and free online pedigrees have been added. More of these types of bonuses will be added as the supporting technology becomes available to us.

If you need assistance evaluating if the Rewards program is ideal for you, please contact me at your convenience. ■
