Executive Director's Column . . .

(meaning it's a descendant of a confirmed carrier of the AM mutation and does not have an intervening descendant that is tested free), you will receive notification from the ABA that the animal must be AM tested in order to release a registration certificate. As we all get familiar with this routine of testing, we will need to be gracious with each other and accommodating where we can. I know at times this can be inconvenient if you're facing show deadlines, etc. We will do our very best to assist you through the process.

The following are some common questions and answers you may find of interest:

How do I test for AM?

Currently the only AM testing is available through ST Genetics – Genetic Visions. It is a stand-alone test that is not part of the standard genomics test. Complete genomic testing with CDCB evaluation can also be requested for an additional fee. We highly encourage you to go ahead and do a full panel test to contribute to the Ayrshire genomic database for the future of our breed.

How much is the AM test?

\$13 per sample (TSU is preferred, but hair is accepted as well)

How do I request the test?

You may contact your local ST representative for assistance, or call the Genetic Visions office at 920-253-8155. Josey Morris and her team are ready to assist Ayrshire breeders. You may also email Josey at jmorris@stgen.com. Because the technology is new, the AM test is not yet available for

selection on the Genetic Visions web site. We anticipate this feature will be available in the near future.

What if I've already genomic tested my animal, but didn't do the AM test?

If you have previously genomic tested the animal with Genetic Visions, it may be possible to request AM testing using that sample. Check with Genetic Visions to inquire if the sample is still in storage. Please keep in mind that samples are not stored indefinitely, so you may need to submit a new sample.

How long does it take for official AM results?

The standard time period is 2-3 weeks once the sample arrives at the lab.

How does the ABA get the test results?

Test results will be shared with the ABA office on a monthly basis from Genetic Visions. The purchaser of the test will receive the results as they are available. We suggest that you forward a copy of your results to the ABA office for a more timely release of your official registration certificate.

As always, if you have questions or we may be of further service to you, please contact us at your convenience. ■

Becky Payne

The President's Message . . .

Sustainable and Profitable Farming

Dairy needs greater efficiency and sustainability. The global demand for animal protein is rapidly growing, fueled by world wide population growth. This growth is placing tremendous pressure on our planet's natural resources.

Sustainability and profitability will require a large reduction in methane. However, dairy cows support the livelihood of millions of people around the world. Dairy products are full of essential, high quality, proteins, micronutrients and essential fatty acids for healthy bodies. Dairy must ensure we can continue feeding future generations this highly important food group.

Simultaneously dairy needs to reduce emissions that negatively impact our climate. Feed additives are being developed that can reduce methane emissions by up to 30%. The University of Nebraska-Lincoln is doing research on feed efficiency in dairy

cattle that further reduce emissions while maintaining profitability. More research is needed in this area, however, to date diets higher in forages show greater feed efficiency. Research in the U.K. demonstrated similar results.

The Ayrshire breed is well suited to compete. Many Ayrshires' inherent traits make the Ayrshire Breed compatible for both sustainability and profitability. Traits like longevity, the ability to graze efficiently, and A2A2, make the Ayrshire Breed well matched for future demands. According to Hoards Dairyman's bull list, the Ayrshire breed ranks above most other breeds on NET MERIT. ■

My Very Best to all of You,

Tom Gillette

Attention Ayrshire Youth! You are invited to participate in youth contests during the National Ayrshire Convention.

Applications are due June 1 for the following:

- Photo Contest
- Poster & Print-Ready Ad Contest
- Quiz Bowl
- Jeopardy
- Scholarship
- Ambassador

US AYRSHIRE

Mission Statement: The purposes of the Association are to maintain the integrity of Ayrshire registrations and transfers, to improve the breed of Ayrshire cattle, to publish a Herd Book, and to maintain other records and registrations as the Association deems necessary or conducive to the best interests of the breeders of Ayrshire cattle.

PRESIDENT'S CORNER ...

sure that billing and results are sent to the AMSS. Another big THANKS to Michelle Upchurch for keeping the current DNA information up to date! We appreciate everyone's help getting older/outstanding DNA and genomics data submitted.

The 2022 AMSS convention information is available in this issue. This includes award nominations, junior show, and national sale entries. Please submit all necessary material as it comes due.

Spring is here; milk prices are high and

so is inflation. We need members, registrations, classifications, and milk recording to stay strong. It also takes donations, fun auctions, and contests to help us financially succeed.

I look forward to seeing you all in Illinois.

Let's keep the Red, White, and Roan strong. ■

Marcia Clark

THANK YOU

Inn-Effect Farm

*(John & Kirsten Anderson,
David & Erin Ainsworth & John Rowe)*

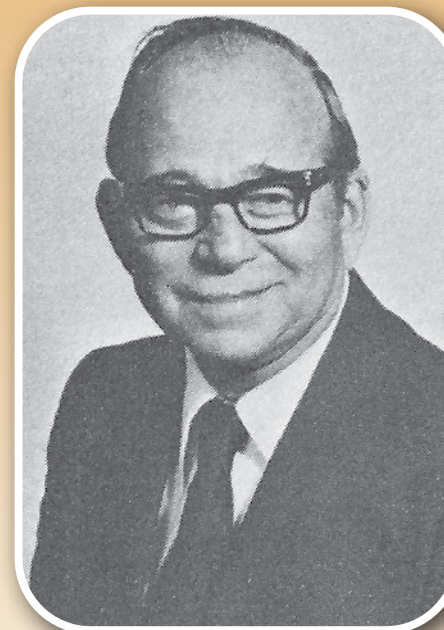

for donating 100% of your
2022 national sale consignment
proceeds to the AMSS!

A special THANK YOU to Kathy Lynch for the super job she is doing in the office. I also want to thank the board for their great team effort. Your board has been meeting (almost) weekly for the last few months. Meeting minutes are included in this issue of the magazine.

The new AMSS website is up and running. HOORAY!!! The website is wonderful and easy to use. A huge THANKS to Christy Achen (ALL Eyes Media) for her work.

Did you register any bulls in 2020 or 2021? If so, did you get them genomic tested? We are now trying to catch up on testing that was not completed in previous years. Please visit our website or contact Kathy Lynch for the necessary form. When submitting your information, please make

BACK IN HISTORY ...

Harry Clampitt
AMSS Executive Secretary
1967-1981

Harry was an Iowa farm boy. He graduated from Iowa State in 1938. Clampitt Farms was well known among Milking Shorthorn breeders.

Harry always said, "my dad gave me an appreciation and respect for those dedicated to breed improvement." Hoard's Dairyman editor, Eugene Meyer, wrote that Harry crafted "common sense editorials blended with a keen sense of humor."

Following a change in the Executive Secretary position, Harry Clampitt offered this editorial in 1967. The "truisms" Harry wrote then, still stand today.

WE ARE PART OF A WHOLE

The membership of the American Milking Shorthorn Society is not existing in a void. We are part of the dairy industry — the beef industry — many farm organizations — colleges and universities — and many local organizations. The persons who contribute most to our breed often are also involved in other areas. These are the people who have formed a habit of working with others. The oft repeated sentence is very true — "If you want a job completed, give it to a busy man." Another quotation which merits consideration—"often the trouble with thee is me." How much more progress could have been made in the past and how much more rapid could it be in the future, if each of us concerned himself primarily with — what can I do? Rather than what they should do?

So it will develop that the future status of the American Milking Shorthorn Society rests squarely on the shoulders of the membership. You are finally responsible. You are in a position to demand the programs and the personnel you wish. With this authority also rests the responsibility of providing the means. Many of you will say this is idealistic — I would point out emphatically that any time a democratic organization loses its idealism or adherence to principles, it is on the way out.

ORGANIZATIONAL STRUCTURE

Service is the basic ingredient in the success of any organization. Let us not forget that our board of directors and employees are at the same time the top and the bottom of the ladders. At the top they make decisions; at the bottom because they serve the membership. Our organization is not large, but that is no measure of its influence. The value is dependent upon activity and influence by is membership. Progress is more concerned with direction than with speed.

Progress is dependent upon you, and your desire for our progress is reflected in many ways. During the routine of your daily work do you think of our breed, and possible programs for its betterment? Have you communicated these ideas where they have a chance to be adopted? If the Board in its infinite wisdom or deplorable ignorance (depending on whether or not they agree with you) acts on this, you have made a contribution; if it does not act, you still have made an effort; and effort is contagious. One lesson that has not been learned is how to disagree agreeably and still persist toward our common goal.

Queen Carrie Rhoades

A wet February has left west central Ohio littered with puddles. Remnants of snow drifts create a muddy mess when completing our daily chores. While Buckeye Knoll will soon be busy gearing up for the 2022 show season, I would like to take this opportunity to reflect on the beginning of my family's farm.

Located on the outskirts of Greenville, Ohio, my family resides on our seventh-generation dairy operation. My mother, Leslie, has spent time at our county courthouse going through land deeds to trace back to when our farm ground was first purchased by a Rhoades. Coming from Pennsylvania, Jacob Rhoades first called Greenville home in 1854 establishing the family farm. Jacob's son Abraham was next to take over the operation, continuing to buy the surrounding ground in 1880. The third generation of Rhoades farmers was Stephen Rhoades who took over the homestead in 1898. Construction on my family home was started in 1906 and completed in 1908. Each rock used to build the house was collected from the surrounding fields and individually hand faced. The house Stephen built is currently the home I have lived in my entire life. The newly built house and the farm was then taken over in 1919 by Stephen's son Curtis. My great-great grandfather, Fern, and his sister, Vergie, came into possession of the farm in 1955. Their son, William, was my grandpa. Mostly referred to as Bill, my

grandpa was well known around our county for serving on the fair board and for his involvement in Darke county agriculture. Even after his passing in 2013, I still am frequently asked if I have any relation to him. In 1999, my parents bought the land and moved into the family house. There are 168 years of family heritage rooted in the fields at Buckeye Knoll. For my family, dairy farming is not just a profession, it is a legacy. It is an honor and a privilege to me to be able to continue the Rhoades family tradition in the agricultural and dairy industries.

Ohio Spring Dairy Expo is the first stop for us in the show circuit. I will be counting down the days until we can all meet again in my home state. My year as queen is quickly coming to an end. My experience with the sash and crown has been a fun ride and I plan to make the most of my last few shows. Any junior member interested in becoming the next National Milking Shorthorn Queen or the new position of National Junior Ambassador, check out the applications posted on the website. Until we can all meet again, stay safe and dry throughout these upcoming wet months. See y'all soon in Illinois! ■

Carrie Rhoades

BACK BY POPULAR DEMAND:

we're adding a Classifieds link to our website!

If you have animals for sale that you'd like to list on our website, please email amssweb@milkingshorthorn.com with pedigree information, pictures, and your contact details.

From the AMSJS President ...

Greetings all Milking Shorthorn junior members! I am in my first year of my second term of the AMSJS presidency. At sixteen I was elected president of the AMSJS. Following that moment and throughout my service I have built upon my leadership, communication, and public speaking skills. I have also made many memories and relationships with other juniors and have had the opportunity to work with our adult board member and committees. If you are a junior member, I invite you to consider applying for one of our openings on the junior board: Vice President (two-year term), Secretary, (two-year term), and Reporter (one-year term).

Additional paths for participation include our national junior awards and scholarship program. These honors include Ju-

nior Outstanding Progressive Breeder, Rachel Surridge National Youth Contest, Cindy Climer & Jim King Memorial Scholarship, Queen Contest, NEW Ambassador Contest, and Junior Milk Production Awards. You can find all the information regarding the Junior Awards on the new Milking Shorthorn website at MilkingShorthorn.com (under the Juniors tab).

Just a little bit more about the Ambassador Contest. This will not replace the National Queen Contest. This contest is open to all members of the AMSJS who want to represent our breed as a spokesperson and assist with state and national Milking Shorthorn shows. Depending on number of applications, we may have two Queens, two Ambassadors or one of each representing the society. You may be asked to pho-

tograph events, post on Facebook, and help with AMSS Booth at the World Dairy Expo. We excited to offer this opportunity to a deserving individual.

AMSJS will have junior T-shirts available for purchase at convention. Please consider bringing an item for the fun auction, and ask that the proceeds benefit the AMSJS.

Do not hesitate to reach out to the junior board members or myself with any questions. Our contact information can be found on the website. Hope to see you in Champaign, Illinois this June. ■

Respectfully submitted,
Jack P. Achen

ATTENTION JUNIORS!

The AMSS National Junior Awards are presented at the AMSS National Convention. **The deadline for submission is May 15.** All applications are available on the AMSS website or by contacting the national office. Candidates must be a paid junior member of the American Milking Shorthorn Junior Society.

Junior Outstanding Progressive Breeder

Awarded to two deserving youth between the ages of 9 and 21, as of January 1.

Rachel Surridge National Youth Contest

This national youth scholarship is in honor and memory of a past national office manager, Rachel Surridge.

Cindy Climer & Jim King Memorial Scholarships

Given in memory of Cindy Climer and Jim King, 2012 AMSS Co-Citizens of the Year, who both gave much of their time and energy to the service of AMSS and AMSJS memberships. Several scholarships will be awarded to eligible applicants.

Queen Contest

The Queen will have the opportunity to represent the breed during at least three national shows and national convention the following year.

Ambassador Contest

Any AMSJS member aged 16 to 21 has the opportunity to apply for the AMSJS Ambassador Contest and represent the breed.

Junior Australian Exchange Program

This is a program that connects AMSJS Members with our sister breed, the Australian Illawarra. One AMSJS member is sent to Australia for approximately one month. While on this trip the selected applicant will stay on several different family farms and perform various duties.

Junior Milk Production Awards

Juniors may apply for multiple production class awards, based on cow's age at start of lactation, for any qualifying animal they have.

THE AMSS IS TRYING TO CATCH UP ON GENOMICS TESTING!

If you registered a bull in the last two to three years and didn't genomics test him, please contact the national office, Marcia Clark, Susan Lee, or Michelle Upchurch to get this process underway.

LIVING THE Legacy

By Bev Berens

Kyle Bonavita of Meshoppen, Pennsylvania is living a legacy. The foundation for the dreams being realized through Kyle began when his grandparents, John and Ann Bonavita, purchased a farm from John's parents in 1966, establishing Jon-Ann Farms and the prefix that has accompanied generations of superior cattle

breeding.

John and Ann partnered in the farm with their children--Cindy, Cherie, Patty, Lori, John Jr., Stanley, and Chris who is Kyle's father. The siblings showed locally, but the big dream was to build a herd of elite cattle that could stand at the top in national shows.

▼ **Kyle made it to the backdrop with Junior Champion at NAILE and on the green shavings at World Dairy Expo.**

John and Ann didn't realize the dream during their lifetime. Sadly, neither did Lori, Stanley, John Jr., or Chris. Each passed within a few years of their father and never got to lead one of their own onto the colored shavings nor see their children bring home national banners.

The farm's legacy was left in the hands of the three remaining sisters--Cindy, Cherie, and Patty. Cindy and Cherie take the active role in keeping the farm and its legacy alive, continuing to breed and raise cattle for nieces and nephews to show in honor of the Jon-Ann name.

Kyle, age 20, is the last of his generation eligible to compete as a youth. The opportunity to be the one to enter the farm's cattle on a national stage is something he doesn't take for granted.

His first trip to a national show was in 2019, when he entered Jon-Ann Charisma T Cherie in the International Guernsey Junior show at World Dairy Expo. The heifer was out of a Four Winds Destiny's Child calf purchased for him by his father and grandfather in 2015. "This was the first heifer out of the calf that Dad and Grandpa bought for me," Kyle said. She stood second in her class in both junior and open shows, was reserve champion of the junior show, and repeated the performance at North American International Livestock Exposition (NAILE) a few weeks later.

Kyle returned with Milking Shorthorns

in 2020 at NAILE, with offspring of cows previously shown by a cousin who aged out of youth shows. Jon-Ann Roses Real Deal stood second in both open and junior shows as a winter calf.

In 2021, winter calf Jon-Ann Delux Rosa Bean joined Jon-Ann Roses Deal, now a winter yearling, in the show string for World Dairy Expo and NAILE. The winter calf placed first in the junior show and third in open. The winter yearling placed second in youth and third in open and was honorable mention junior champion of the junior show. "Over the next few weeks, the heifers really developed," Kyle said. The winter calf won both open and youth classes and was junior champion and best bred and owned of each show. Jon-Ann Roses Deal placed first in open and youth classes and was honorable mention of both NAILE shows.

These consistent placings are proof for the family that the dreams of a previous generation can become a reality.

Ben Cashell of Cashell's Cattle Care has been instrumental in developing heifers for Jon-Ann Farms. "Cindy gets a solid start on the calves, and it has just been fun to work with them," Ben said. "Every year they trust us with the cream of the crop from their calves. We as a team at Cashell's Cattle Care, get the joy of riding along and helping chase the banners." He continued, "This success with Kyle has been a lot of fun for them, and it's been very emotional wins for the sisters. The family prefix really matters to them. I am truly excited for them as a family."

Kyle is grateful to the Cashell team for their work in heifer development. "If it wasn't for Ben, I wouldn't be here with this success," Kyle said. "Cashell Cattle Care

▲ **Jon-Ann Delux Rosa Bean was the first place winter calf and Junior Champion at NAILE for Kyle**

Team has been there every step of the way. They are great people to work with. They've had their share of success and take pride in it." He also appreciates his friend Brooke Calkin who is always there to lend a hand at shows.

Outside of showing cattle, Kyle's proudest accomplishment is earning Eagle Scout in 2019. He participated in Key Club, Future Business Leaders of America, Student Council, and Prom Steering Committee in high school.

For now, Kyle is taking it one day at a time and preparing for spring shows.

While he doesn't see himself as the future farm operator, he hopes to build his own path and be an example to other kids. "You might come from a small farm, but if you work hard, you can definitely accomplish your goals, it doesn't matter where you come from," he said.

In the meantime, he is grateful for the humbling opportunity he's enjoyed. "It was unexpected and one of those things you don't take for granted. NAILE was a very emotional show. It just gives you the feeling that everything you've done in the past, and keeping the farm, it's been worth it." ■

MEET THE

Brent & Carrie Pollard
Po-Cop Farm, Rockford, IL

Breeder

Top Row: Ainsley, Addison. Middle Row: Blake, Addi (our nieces). Bottom: Charlotte. Cow: Po-Cop Pwr Insf Lady Lexi-Exp

Brent and Carrie Pollard started dairy farming in 2005 with Brent's parents, Warren and Gail, until their retirement in 2012. Today, they milk around 70 cows (5 Shorthorn) and farm 800 acres of land. The milking cows are housed in a freestall barn and milked in a parlor. Their kids, Ainsley,

Charlotte, and Ethan and niece Addison Pollard help care for calves. They always had Red and White Holsteins, so Milking Shorthorn semen was selected to settle hard breeding cows. After talking with Dave Kendall at World Dairy Expo, the resulting calves were registered and enrolled in the EXPRESS program.

What is your favorite cow family in your herd and why?

We really don't have a favorite, we have many different breeding lines in the herd right now.

What are your current breeding goals and why?

We like to have a balanced Shorthorn cow to be competitive with our commercial Holstein cows (Holstein tank average: 90 lbs/day with 4.2%fat and 3.2% protein with 32% 21-day pregnancy rate). Some of our Shorthorn cows calve in and reach peak milk along with the Holsteins, but none can maintain it longer than one milk test. At the same time, we recognize that Shorthorn herd average will never exceed the Holstein average, so we are hesitant to give up type.

Also, we noticed many Shorthorn breeders do not prefer roan and white colored animals and have tried to select roan and white bulls from backgrounds with type and production to create a niche within the breed for our small herd.

What bulls are you currently using and why?

Lands-Brook Comanche, Spring Meadows LS Casper P, and Gold Mine STC Gunnar EXP are most heavily used recently in line with our breeding goals. In the past year, individual matings were made to Innisfail Jekyl EXP, GMC Innisfail Pistol Pete, Mericrest Outlaw and GI2 Gold Mine S War Paint, because we thought the resulting calf would be a good balanced animal.

What traits do you value most for the breed and why?

We value the genetic expansion program. We can create new Shorthorn families from within our current herd. The fact that in two generations we can have an EXP calf was paramount to us choosing the Milking Shorthorn breed to add to the herd.

Have you Herd?

Without the Ayrshire cow, John and Shauna Offer have a hard time

AYRSHIRES a MAINSTAY

By Danielle Nauman

▲ The Offer family from left: Shauna, Peyton, Hunter with Honey-Dew Dreamer Ellie EX-91, John, and Tanner Offer.

AUBURNDALE, Wis. – Ayrshires first came to the Offer's Auburndale, Wisconsin family farm 70 years ago, and they have been a mainstay ever since.

For his lifelong pursuit of breeding registered Ayrshires, John Offer was named the Wisconsin Ayrshire Breeders' Distinguished Breeder of the Year at their state meeting held in March in Tomah, Wisconsin.

sin.

John and Shauna milk 50 head, most of which are registered Ayrshires, on their Foggy Valley Farm, which has been in John's family for 140 years. They enjoy sharing their passion for the cherry-colored cows with their three children: Hunter, 12; Peyton, 11; and Tanner, 6; of whom are very involved in the day-to-day farm chores and

enjoy being members of the Wisconsin Junior Ayrshire Breeders Association.

"To work at something for your entire life, and then to be recognized for that work by your peers, that is really humbling," John said of receiving the award.

John's career as a registered Ayrshire breeder began after his high school graduation, as he began taking over his fami-

imagining what their central Wisconsin dairy farm might look like.

at Foggy Valley Farm

ly's farm. The majority of the herd is now homebred, although a few key purchases have been made to keep improving their overall herd.

"We really admire how hardy the breed is," Shauna said. "They are relatively trouble-free and are very healthy. We see less cases of milk fever, fewer displaced abomasums and less incidence of ketosis."

As a family the Offers enjoy competing

▼ **Honey-Dew Dreamer Ellie has been nominated Junior All-American four times, three of which were in milking form. Ellie is a third-generation homebred animal and carries the Honey-Dew prefix of John's brother.**

in the showing and typically exhibit at the Midwest Regional Ayrshire Show, the Central Wisconsin State Fair and World Dairy Expo. To keep working towards their goals, the Offers have focused their breeding program on selecting for sound functional type.

"We really want to breed cows that can last a long time," John said. "To do that, they need to have good udders and sound feet and legs. That is where we place our focus."

The Offer's diligence with their breeding program has paid off with some impressive showing accolades collected by members of their small herd. They have collected 17 All-American nominations and numerous Junior All-American nominations.

Bulls that have been working well recently in the Offer's breeding program include Cedarcut Colata's Champion, Good-Vue-Kp Dynamic, Palmyra Lochinvar Reynolds and Visserdale Shining.

"We will keep breeding for type. We enjoy showing, and now both Hunter and Peyton are old enough to show in the junior show at Expo," John said. "It is a great feeling to give them that experience and

watching them develop an interest in the breed is wonderful."

One current herd favorite is Honey-Dew Dreamer Ellie EX-91. As Hunter's junior project, Ellie has been nominated Junior All-American four times, three of which were in milking form. Ellie is a third-generation homebred animal and carries the Honey-Dew prefix of John's brother. Ellie is due back this summer and Hunter hopes to exhibit her to her fifth nomination.

Other cow families that hold prominent positions within the herd include the 2020 Wisconsin Ayrshire Cow of the year Cici's Dozer Carley VG-87; Moy-Ayr Bonoparte Nicki EX-91 and Honey-Dew Cav's Candy Apple VG-85.

The Offers say that they owe a lot to the Ayrshire cow.

"The Ayrshire cow is the rock that our farm is built on. Without Ayrshires in our barn, it is hard to imagine what our lives would be like," John said. "She has given us so much, and she continues to provide for our family and give our children great opportunities." ■

▼ **Ellie has been Hunter's junior project and they make a great pair on the colored shavings at WDE.**

"Life is Better on the Farm"

2022 National Milking Shorthorn Annual Meeting

To the members of the American Milking Shorthorn Society:

Please let this notice serve as invitation to the 2022 annual meeting of the American Milking Shorthorn Society to be held Friday, June 24, 2022, at 10:00 AM CST. The meeting will take place at the Holiday Inn, Champaign, Illinois.

To be eligible to vote at this year's meeting, you must be a paid adult member by April 30, 2022.

The ballot for election of delegates will be mailed separately. Delegates are chosen from the ballot to represent members and districts with the right and duty to vote on all matters that are presented at the Annual Meeting. Keep in mind, you may vote individually if you are present at the annual meeting. Business to come before the membership at the annual meeting includes:

1. Reports from the president and committees on programs and policies of the society discussed by the board of directors and subsequent action taken.

2. Election of directors to fill seats vacated by Susan Lee, Katie Agnew, Allen Hess and Kylie Preisinger. Katie Agnew, Allen Hess and Kylie Preisinger are eligible for re-election.

The national sale will be held on Saturday, June 25, 2022, beginning with semen at 10:00 AM at the Champaign County Fairgrounds, Urbana, Illinois.

Respectfully Submitted,
Marcia L Clark
AMSS President

2022 National Milking Shorthorn Junior Heifer Show

This show will be held in conjunction with the American Milking Shorthorn Society National Convention at 2:00 pm on Thursday, June 23 at the

Champaign County Fairgrounds, 601 Fairview Ave, Urbana, IL 61801

Entries are due by May 15. Payment and summary to be postmarked by May 15 for the reduced entry fee of \$10 per class. May 16 to June 1, \$15/class. NO REFUNDS, 100% of entry fees are going to premiums. Juniors will not be allowed to show until payment is received. Entries will be held until payment arrives. If help is needed to enter please contact Samantha Ropp Fairbank (815-419-5701) or visit Junior Facebook page 2022 National Junior Milking Shorthorn Show. Entries online only. Entry fees to Clint Cribbet, 478 CR 1650N, Bethany, IL 61914; phone: 217-853-0832. **The link for entry will be posted on the Facebook page and AMSS website.** Checks should be made to Illinois Milking Shorthorn Society.

Eligibility: Participation is open to all youth with show eligible registered Milking Shorthorns who are currently paid members of the AMSS Junior Society. Exhibitors must be a minimum of nine years old but not have reached their 21st birthday by January 1st in the year competing. Those turning 21 in the current year are still eligible through December 31.

Ownership: All animals must be registered in the herd book of the American Milking Shorthorn Society (AMSS) and have registration certificates issued by the AMSS. Ownership of the animal must be recorded in AMSS herdbook in the name of the junior exhibitor(s) prior to show date. Ownership must show on the registration certificate in the name of the junior exhibitor or junior participant. Animals may be owned in partnerships; however, all members of the partnership must be paid junior members of AMSJS and animal must be owned prior to show date. Acceptable wording of Farm or other entity should read: Junior member's name of Farm name or other entity (EX: Nicholas Achen of Cherrywood Farm). All tattoos must be dry and legible upon arrival with no fresh ink and must correspond with the registration certificate. Papers will be checked prior to the show. Leased animals must have official AMSS lease form filed with the AMSS office prior to the show. The following will disqualify an animal from Junior show participation and recognition in current year: Transferring an animal in or out of a Junior's name after August 1st of the show year or adding/dropping a junior member and/or adult as an owner after the deadline.

Participation: Only one animal per exhibitor per class is allowed. Juniors may consign an animal to the National Sale and still show her in the show. Juniors will be required to follow the AMSS National Junior Show rules. A copy of the rules can be found on the AMSS website at <http://www.milking-shorthorn.com/juniors.html>.

Arrival Deadline: Cattle may begin to arrive on Wednesday, June 22nd unless other arrangements have been made, or permission has been granted by show chairperson, and must be in place by Wednesday, June 22nd at 4:00 PM CST. Health certificates and registration certificates must accompany the cattle. A DVM/VMD will make the final decision on health certificates and infectious diseases. Cattle are released at the conclusion of the show.

Dress: Junior exhibitors will be required to wear shirts provided by the hosting association, sponsored by STgenetics, with white pants and official entry numbers. ****Note: Late entrants cannot be guaranteed a shirt so please bring a white shirt to show in if you fall into this category.****

Identification: All exhibition animals must be permanently and individually identified by an acceptable method. Official identification acceptable for cattle and bison to be exhibited in Illinois are as follows:

- 840 tags may or may not be RFID (radio frequency identification), 15 digits, beginning with 840.
- NUES (brite) steel tags with a US Shield, this includes the orange brucellosis vaccination tag.
- 124 tags (Canadian origin tags)- 15 digit numbers the first 3 of which are "124".

Health Requirements: All cattle allowed into the grounds of the National Junior Milking Shorthorn Heifer Show must be accompanied by a current (dated May 28th or later) certificate of veterinary inspection (CVI) documenting official animal identification as noted above and adherence to the Illinois health requirements as follows.

- No cattle are required to be brucellosis tested or vaccinated to come to fairs or shows in IL.
- Individual state requirements for tuberculosis can be found at: https://datcp.wi.gov/Pages/Programs_Services/CattleBison.aspx
- You and your veterinarian are responsible to be sure all of Illinois' import rules are followed for your state.

Housing Info: All bedding will be provided by the Baxter family for all junior show animals. Hay will be available for purchase.

AMSJS Convention Participation Agreement

To be eligible to participate at the National Milking Shorthorn Convention and in any Convention sponsored or related activities, all Junior registrants must sign this agreement and abide by the forms and rules included in this agreement.

- 1) Participants must demonstrate good citizenship and hold themselves to the highest standards of conduct at all times.
- 2) Do not engage in any behavior prohibited by national, state, or local laws.
- 3) Abide by all rules of conduct specified by the adult chaperones and advisors during activities and on bus rides.
- 4) For purpose of this agreement, the Chairman of the Host State Junior Program Committee shall have the responsibility with other representatives from the host state to oversee the fair application and enforcement of the rules for junior participants.

Procedure for misconduct of junior participant:

- a) Explain the alleged violation and present evidence of the violation to the individual involved.
- b) Provide the reported violator an opportunity to respond to his/her misbehaviors.
- c) Therefore, it shall be the host state representative group to decide appropriate penalty, which may include revocation of Convention participation privileges and submit a report of the violations to the National and State Associations.
- 5) Participant and his/her parents/guardians accept financial responsibility for the cost of any damages to persons or property caused by the participant.
- 6) The use or possession of any alcoholic beverage or controlled substance is STRICTLY PROHIBITED.

I have read and understand the rules and agreement above and agree to accept and abide by them.

2022 National Convention Sale *Guidelines*

SATURDAY, JUNE 25, 2022 • CHAMPAIGN, ILLINOIS

1. Consignment may be made by anyone owning registered Milking Shorthorns. If the consignor is not a member of the American Milking Shorthorn Society (AMSS), his/her membership will be paid for the current year with sale proceeds.

2. All animals should meet the following requirement:

a. Cows with production records must have an in-herd rating of plus difference from herd mates with minimum actual production of 14,000 milk or 600 fat 2x, 305 day.

b. If classified, cows must be at least 80 pts.

c. Dams of consigned heifers should also meet points a and b.

3. The sales committee has the discretion to accept outstanding animals that may not otherwise meet the aforementioned requirements including native and cow/calf consignments.

4. Consignors shall have their animals in satisfactory condition when delivered to the sale. The sale committee shall have the right to reject any animal for the sale if the condition of the animal or the type of the animal will not present the breed in a positive manner. If an animal is removed from the sale for any reason once delivered to the sale, the consignor will be responsible for any cost of care incurred while the animal is in the care of the AMSS national sale crew and until such time as the animal is removed from the sale grounds. The catalog fee paid (\$50) will also be retained by AMSS.

5. Partners or syndicate members have the right to bid and purchase such animals as long as this is noted on the sale entry. This information will be published in the sale catalog.

6. For animals sold by syndicates or partnerships, there must be a written agreement from each member of the syndicate or partnership for usage of any sale income to purchase another animal or semen at the sale.

7. If the consignor owes any money to AMSS, the sale proceeds will be

used to cover that debt. Any money after the debt is paid minus sale commission and any other monies owed to AMSS will be paid to the consignor per normal policy.

8. AMSS is not responsible for collecting debt or money owed for, or to, third parties.

9. Net proceeds from animals sold in this sale can be utilized toward the purchase of other animals or semen in this sale as long as no other part of these terms apply or are applied.

10. All lots in the national sale must change ownership as recorded by AMSS for one year.

11. a. Sale animals six months or older must have a negative TB test within 60 days of the sale.

b. Sale animals should be official calf hood vaccinated for Brucellosis or be tested free of Brucellosis.

c. Sale animals must be vaccinated for BVD/PI.

d. AMSS requires testing for Anaplasmosis and Blue Tongue if they are issues in your area (mainly Southern and Western states). A positive test for Anaplasmosis disqualifies an animal for the national sale.

e. Any visible sign of ringworm or warts, either active or passive, will result in the animal being removed from the national sale lineup. Please see point 4 above. It is encouraged to have sale animals vaccinated for pink eye, ringworm and rabies.

f. AMSS further encourages each animal be tested for Leucosis, Mycoplasma and Staph.

g. Any animal sold or exhibited as registered by AMSS can be DNA-typed and breed ID with genomics at the discretion of the Executive Secretary, all expenses to be paid by AMSS.

12. The sale commission will be 15% of the selling price for live lots and choices. This does not include the cataloging fee. However, consignors who donate all proceeds to the AMSS will not be subject to any expense including the cataloging fee.

13. Embryos consigned must have

been collected and frozen by an American Embryo Transfer Association certified practitioner. A copy of the recovery sheet must accompany embryo consignments for the national sale with the practitioner's name clearly printed. Only #1 or #2 embryos will be accepted and will be noted in the catalog. For IVF Reverse sort embryos #1 or #2 will be accepted and will be noted in the catalog. The embryo consignment must be a minimum of three embryos. Embryos must be at the national sale; if they are not, they will not be sold and the cataloging fee retained by AMSS. The national sale committee will accept no more than 5 embryo lots. Embryo commission will be 7.5%.

14. All consignments must be in the office no later than May 1, 2022 with a cataloging fee of \$50 per consignment (live animal, choice or embryo) or \$10 per Semen Lot. Catalog fee for consignment (live animal, choice or embryo) Entries made after May 1st will not be in catalog and will be on pedigree fly sheets. Consignments that are for any reason turned down by the sale committee before the catalog is started will have their catalog fee promptly returned. Once the catalog is started, and the lot is accepted, the catalog fee is retained by AMSS.

15. A \$50 clipping charge will be assessed for any animal whose head is not clipped when delivered to the sale.

16. Warranties from the sale begin when the buyer takes possession.

17. Semen will be sold before the cattle auction. Nominations for the semen sale are \$10 per lot consigned. Semen commission will be 7.5%. If you would like to donate all or part of your semen proceeds to the National Office or another Milking Shorthorn entity, please complete on entry sheet. The national sales committee reserves the right to limit the number of lots of semen consigned.

National Sales Committee:

Chair: Darren Ropp (815-848-3424)
Co-Chair: Mike Halpin (815-228-0777)
Dakota Arthur (405-238-4318)

Meeting Minutes

Winter AMSS Board of Directors Meeting

December 3 & 4, 2021

The Winter Board of Directors meeting was called to order by President Marcia Clark at 7:30 am at the Hampton Inn, Beloit, Wisconsin.

In attendance: Marcia Clark, Susan Lee, Katie Agnew, Eddie Hartfield, Matt Borchardt (late), Matt Henkes, Allen Hess, Joanna Landrum, Larry Landsgard, Jerry Merrill, Michelle Upchurch (Dec 4 by phone)

Kylie Preisinger moved to accept the minutes from the Tuesday, October 26, 2021 Board meeting. Jerry Merrill seconded the motion. Motion passed.

Marcia Clark gave the President's report focusing on the many good things of the year.

Brenda Gudex presented the Executive Secretaries report. Transfers are up with 951 and Express Program is down a bit in cow numbers. We have 487 Adult members and 800 Junior members. Results were returned on 93 Males and 80 Females along with 63 Genomic tests. AMSS website is being worked on and timetable met. ABRI has access to the AMSS database with some reports being sent to them. The monthly conference calls have been a great help and the board has received more timely reporting from some committees.

Reports

Endowment: The endowment committee report from Nedra Koller was shared. A CD was closed, and monies were transferred to the account in Beloit.

Juniors: The Board discussed the usage of the Alternate Leadsperson Form.

Matt Henkes moved to send the form back to the Juniors for a concrete proposal to approve by February meeting. Kylie Preisinger seconded the motion. Motion passed.

Suggested items for Juniors to consider:

1. The Board would like to see a continuation of an Alternate Leadsperson Form
2. Would like high consideration that the junior member actually shows the animal at some point within the show season
3. If qualifying shows come into play, list of what shows, what is needed from the show to verify who showed the animal.
4. Should it be for only National Shows
5. No age requirements

Brenda discussed having a Junior representative at each National Show. One Junior should be appointed as a point of contact. This individual might be responsible for gathering Juniors together for a photo or a group meal.

International: Kylie Preisinger report-

ed for the International Committee.

The International committee recommends that AMSS continues the membership within USLGE.

Kylie Preisinger moved to continue the membership at \$5500 per year. Allen Hess seconded the motion. Motion passed.

Kylie Preisinger moved for inbound USLGE travel for representatives from the UK, Australia and Canada for the 2022 National Convention. Matt Henkes seconded the motion. Motion passed.

Susan Lee moved to send Brenda Gudex and Matt Henkes to Canada in the summer of 2022 for the Canadian National Meeting. Eddie Hartfield seconded the motion. Motion passed.

Eddie Hartfield moved to send Ellie Fleming and Kylie Preisinger to Mexico to CNOG. Michelle Upchurch seconded the motion. Motion passed.

Kylie Preisinger moved to send Ellie Fleming and a 2nd individual to Ecuador. Eddie Hartfield seconded the motion. Motion passed.

The international committee presented three bulls for herdbook recommendations as outlined in AMSS policy.

1. AUS Glendcliffe JP Jedi – 53.9% - recommended at GE
2. AUS Glenbrook Queens Prince Ger-shom – 49.4% - recommended at GE
3. AUS Gorbros Storm Hunt – 28% - recommended at GI

Matt Henkes moved to approve bulls at the recommended herdbook levels. Katie Agnew seconded the motion. Motion passed.

Type and Classification: Michelle Upchurch gave the Type and Classification report. The committee reviewed the wording for the classification per lactation within the EXPRESS program. The following information was discussed:

Classification:

- 1st lactation animals scored more than once within their lactation will be charged \$16.
- 2nd lactation animals scored more than once within their lactation will be charged \$16.
- All 3rd plus lactation animals will be charged \$16
- A second tour within a year the minimum fee will apply or \$16 per head (whichever is greater)

Susan Lee moved to change the bull classification to minimum age of 12 months with a max score available of 89 points. After 18 months of age there is no maximum score with no previous score needed. Michelle Upchurch seconded the motion. Motion passed.

The Board discussed the increase in

classification costs as well as information from other breeds on their programming. The Board agreed it was good business practice to get proposals from other breeds to include:

1. Interest of programming
2. Fee sheet
3. Complete proposal (stop charge/per cow fee/minimum number of cows needed for classification/etc.)

Bull Book

Allen Hess will be working with Matt Henkes on this year's bull book. The bull book did receive USLGE reimbursement of \$1598.67 for international exposure.

Genetics

The Genetics committee brought forth a young sire sampling program, similar to what AMSS has had in the past. This will be a project that will be examined closer in the future. The AMSS semen tanks were also discussed. Katie Agnew goes above and beyond assisting the society with this venture. There was also discussion around the increased cost of liquid nitrogen.

Kylie Preisinger moved that starting January 1, a \$25 handling fee will be added to all shipments out of the AMSS tank. Matt Borchardt seconded the motion. Motion passed.

Kylie Preisinger moved to enter into a one-year contract with Katie Agnew for handling of semen from the AMSS tank at a rate of \$500. Matt Henkes seconded motion. Motion passed. Katie Agnew abstained.

Susan Lee moved to add genotyping the dam of any National Show Champion that is alive at AMSS expense. Kylie Preisinger seconded the motion. Motion passed.

The Board discussed offering space in the AMSS tanks for international semen. Kylie Preisinger will send out invites to international contacts to see if there is interest. Ryan Barrett has been in contact with AMSS about the availability of bulls. Brenda is compiling information to send to Ryan.

John Cole joined the Board at 2:30pm to discuss Genomics and DNA. This was an interesting presentation for all. John gave insight on our DNA and genomic process moving forward. Susan Lee will remain in contact with John and his contacts for more information on how AMSS can create a larger database.

Convention

The Board received reports from the Wisconsin, Illinois and OK/AR/TX conventions.

The Board is seeking a host for 2024's

convention. Iowa is interested in hosting, just further in the future.

Website, Promo, History

Joanna reported for the committee. A new website was shown to the Board. Joanna and Brenda will continue to work with Christy Achen on this project.

Overall, the Angle work has been good. We waited longer than normal for paper to print the last issue.

National Show

Katie Agnew gave the National Show report. The judge's application was presented. The wording will include resume instead of application as this will be just a reference listing for our members.

There was also discussion of sponsorship for the National Futurity. While participation in actual entries continue to increase, actual participation in the Futurity is small. There is an understanding that numerous factors cause this, but an increase in payout may encourage more entries.

The Board discussed the All-American Contest. A breeder approached the Board with an idea to implement a best bred and owned animal. The discussion regarding rules at all National shows for bred and owned as some discrepancies. AMSS will send out wording for all National Shows. Only registration papers by AMSS are considered official.

Katie Agnew and Matt Henkes reported on the World Dairy Expo meeting. There are schedule changes moving forward for all breed shows. There was discussion at the meeting to move Senior Three-Year Olds to the Senior Champion class. The Board agreed that they would prefer to leave as is. There will be more discussion at a future WDE meeting.

Finance

The Board discussed cost increases for the classification program as presented by Brown Swiss.

Matt Henkes moved to increase the classification rates due to the increased cost from Brown Swiss. The new rates as follows as of April 1, 2022.

Member Fees: \$135 min fee, \$75 multibreed, \$16 per cow

Non-Member Fees: \$160 min fee, \$30 per cow

Susan Lee seconded the motion. Motion passed.

The finance committee discussed a raffle to raise funds for AMSS. This idea was postponed previously due to other Milking Shorthorn raffles being held.

Eddie Hartfield moved to do a raffle with end at the National Convention. Kylie Preisinger seconded the motion. Motion passed.

The online sale was previously approved for March 23-26 on Cowbuyer.

Susan Lee moved to list the online sale on DAT for \$350. Kylie Preisinger seconded. Motion passed.

The Board reviewed the budget for 2022.

Susan Lee moved to approve the 2022 budget. Second by Katie Agnew. Motion passed.

Breed Outlook

Eddie reported on items from the Breed Outlook committee. The Board discussed the reasoning for the EXPRESS program. Because of the need to collect data, the EXPRESS program offers a solution to do that. It is up to AMSS to educate breeders on the data needed.

Brenda provided the Board with an output of information used to calculate awards for AMSS. The list was quite lengthy and not always easily deciphered.

Susan Lee moved that all awards be based on actual (not mature equivalents or adjusted values) information when the information is available. Second by Kylie Preisinger. Motion Passed.

Kylie Preisinger shared information for the percentage project. We will reach out to Doug Wherry to see if he is interested in chairing the committee.

Kylie Preisinger will continue to move forward with the percentage project. We will be updating the back of the pedigrees to delete the percentage relation to herdbook level.

Kylie Preisinger moved to accept all reports as presented. Second by Eddie Hartfield. Motion passed.

Old Business

The Board discussed ID policies and 840/RFID tag usage. It was decided to continue to promote the correct identification needs for AMSS and remind individuals that those may be different from exhibition or sale needs.

Matt Henkes and Susan Lee will work on a breed protest form for AMSS cases. The Board discussed anonymous protests.

Kylie Preisinger moved to approve all actions in Executive Sessions. Second by Katie Agnew. Motion passed.

*Respectfully submitted,
Brenda J Gudex*

Board of Directors Meeting

December 28, 2021

Meeting was called to order at 7:05 (Central time) by President, Marcia Clark. All directors were present.

Marcia thanked everyone for meeting on such short notice.

Eddie Hartfield made a motion to conduct the meeting without having a prior 10-day notice. Seconded by Michelle Upchurch.

Brenda gave notice that her last day with the AMSS would be 1/14/22.

Next steps were discussed along with items Brenda will handle before she leaves.

- There will be a public announcement made on our website and on Facebook.
- We'll start working on advertising the executive secretary position in various publications, online, and elsewhere.
- We will make any necessary edits to the current job description.
- Brenda will wrap up the All-American awards, provide content for the next issue

of the Angle, supply previous meeting minutes, and will pass along all passwords, contact information, etc. so that business can continue.

- Board members will assist with the transition by keeping the website project going, providing material for the Angle, updating the website and Facebook, and helping Kathy in the office.

We hope to receive applications for the executive secretary position as soon as possible (by Feb 15th) and will adjust the application due date as needed.

The board will likely meet weekly for the next few months to discuss resumes/applications, next steps, and to touch base with ongoing AMSS initiatives.

Susan Lee made a motion to adjourn the meeting at 8:05. Seconded by Eddie Hartfield.

Minutes submitted by Joanna Landrum

Board of Directors Meeting

January 4, 2022

President Marcia Clark called the meeting to order at 7:04 pm CST. 11 board members were present. Absent – Matt Borchardt

Marcia Clark shared the written resignation of Brenda Damrow Gudex with the board. Her last day of employment with AMSS will be 1/14/2022.

Minutes from 12/28/2021 meeting were review. Eddie Hartfield moved to approve the minutes as presented. 2nd by Larry Landsgard. Motion passed.

Executive Secretary job posting: Marcia Clark has received some questions about the position. There are no specific qualifications required (such as level of education).

Joanna Landrum shared that the job responsibilities have been posted on Facebook and the AMSS website (and many have shared in other locations on social media). Dairy Agenda Today will share the information, and for \$200, we could have Cowsmopolitan run a 2-week banner. We can also put an ad in the Angle and other local and national dairy cattle papers and magazines. Joanna will work on getting an ad together.

The board decided to not pay for Cowsmopolitan to cover the announcement through the banner or an ad.

Marcia Clark will check with Kathy Lynch to see where we all put ads in before hiring Brenda.

Allen Hess moved to contract Marjorie Rida for the design and layout of the 2022 AMSS Bull Book at a cost of \$1180 and including 2 complimentary full pages for her bulls. 2nd by Matt Henkes. Motion passed.

The Board will meet again Tuesday, January 11, 2022 at 7pm CST via Zoom.

Motion to adjourn made by Eddie Hartfield. 2nd by Kylie Preisinger. Motion approved. Meeting adjourned at 8:50pm CST.

Board of Directors Meeting

January 11, 2022

President Marcia Clark called the meeting to order at 7:15pm CST. 10 board members were in attendance. Absent were Larry Landsgard and Susan Lee.

Applications for Executive Secretary To date, one application has been submitted for the Executive Secretary position. That applicant was informed that the window to submit applications ends February 15, 2022.

Matt Henkes moved to approve the minutes from the meeting on January 4, 2022 as presented. Seconded by Eddie Hartfield. Motion carried.

Matt Henkes moved to accept the SunSupreme x Joyce embryos at a GI2 level and the Tribulation x Joyce embryos at a GE level. Seconded by Eddie Hartfield. Motion carried.

Next meeting will be Tuesday, January 18, 2022 at 7pm CST on Zoom.

Eddie Hartfield moved to adjourn the meeting at 7:45pm CST. Seconded by Matt Henkes. Motion carried.

Respectfully submitted,
Katie Agnew

Board of Directors Meeting

January 18, 2022

President Marcia Clark called the meeting to order at 7:06pm CST. All directors were present.

Larry Landsgard moved to approve the minutes from January 11, 2022. Seconded by Allen Hess. Motion carried.

World Dairy Expo

Susan Lee moved to appoint Katie Agnew as the Milking Shorthorn breed representative. Seconded by Michelle Upchurch. Motion carried.

UK travel - Susan Lee moved to send Larry Landsgard to the UK this summer for the World Shorthorn Conference. Seconded by Eddie Hartfield. Motion carried.

Susan Lee moved to send Steve Marak to the UK this summer for the World Shorthorn Conference. Seconded by Matt Henkes. Motion carried.

The next AMSS Board of Directors meeting will be Tuesday, January 25, 2022 at 7pm CST on Zoom.

Eddie Hartfield moved to adjourn at 8:05pm CST. Seconded by Allen Hess. Motion carried.

Respectfully submitted,
Katie Agnew

In Memoriam

Gideon Alan Hamann, age 26, of rural Sheldon, Wisconsin, formerly of Viola, Wisconsin, the son of Mark and Kristina (Holgerson) Hamann, born February 10,

1996, passed away unexpectedly on Monday, February 14, 2022.

Gideon leaves to mourn his father and nine siblings: Bowdrie (Cindi) Hamann, Monty (Sarah) Hamann, Thea (Donavon) Hostetler, Marcus (Jessica) Hamann, Odin (Heidi) Hamann, Joyanna, Roseanna, Seth, and Cherie Hamann; seven nieces; six nephews; aunts; uncles; and cousins.

He was preceded in death by his mother; maternal grandparents; and other relatives. He will be greatly missed by all who knew him.

Funeral Services were held on Saturday, February 19, 2022, at Lighthouse Chapel, in Richland Center, WI. Burial was held in the Pleasant Ridge Union Cemetery in Bloom Township. Online Condolences may be expressed at www.vossfh.com.

Doyle Vern Hendrickson, 89, a longtime resident of Sedalia, MO passed away March 21, 2022, surrounded by family, at the Bothwell Regional Health Center in Sedalia.

Doyle was born January 3, 1933 to John D. Hendrickson and Irene (Tracy) Hendrickson in Buffalo County, NE. He graduated from Ravenna Nebraska High School in 1950, and served in the US Army from 1953 to 1955. He married Alice Hinkson on August 28, 1955, who survives at the home. Doyle was a lifelong farmer, first farming in central Nebraska and then in rural Sedalia area from 1972 to present.

In addition to his wife Alice, survivors include two sons, John Hendrickson and his spouse Sue of Centralia IL, James Hendrickson and his spouse Debbie of Oxford MI, and one daughter Julie Carpenter and her spouse Mark Carpenter of Sedalia. Also surviving are three grandchildren Kyle Hendrickson of Hillsborough NC, Jesse Hendrickson of Brooklyn NY, and Allyson Sampson of Sedalia MO. Other survivors include three step granddaughters, Christina, Ruby, Kim, and their six children and six grandchildren.

Doyle's credo was to love what you do and do what you love. He was a passionate Shorthorn cattle breeder as the owner of Nile Valley Farms. During his lifelong career he was honored with many awards from his peers.

Doyle enjoyed wood carving and created dozens of caricatures mostly from ma-

terial harvested from his farm. Some of his favorite subjects included cowboys, Christmas themes, and Native American warriors in ceremonial regalia.

He was a member of New Bethel United Methodist Church south of Sedalia, serving as trustee and president of the cemetery board.

Funeral services were held Friday, March 25, 2022, at Heckart Funeral Home with Pastor Deb Galey, officiating.

A memorial has been set up to support the Shorthorn Youth Development Fund in care of Heckart Funeral Home.

ILLINOIS MILKING SHORTHORN BREEDERS

Compiled by Winifred Hoffman

Note: A big thanks to Kathy Whitted for her help in reaching out to our Illinois breeders to tell their stories.

BRENT & CARRIE POLLARD (and their children Ainsley, Charlotte, and Ethan; and niece Addison), of Rockford, IL started farming with Brent's parents, Warren and Gail in 2005 until they retired in 2012. Milking Shorthorns were initially added to the herd by settling hard-to-breed Holsteins. Those initial animals were enrolled in the AMSS EXPRESS program and grew to today where the small herd of Shorthorns is expected to compete with the type and 27,000 rolling herd average of their commercial Holstein herdmates.

Addy & Brent Pollard with Lady Lexi

Keith King with Kingsdale Peri 16th around 1980

partnership with the Gregory family. Keith King was an award-winning and highly influential dairy breeder and respected judge. He attended 69 consecutive annual meetings of the AMSS starting in 1930, spearheaded the separation of the American Milking Shorthorn Society from the American Shorthorn Breeder's Association in 1948 and was instrumental in the introduction of Illawarra blood in the 1970s and the Genetic Expansion program. Jerry likes the direction the breed has gone in terms of improving dairy type and production.

CRIBBET FARMS MILKING SHORTHORNS herd in Bethany, Illinois was established in the early 1930s by HC Harry Cribbet and his sons, Max, Rex, Richard, and Myron. Over the years they showed at many state and county fairs and the International in Chicago, having champion Milking Shorthorn steer in the 1940s at Chicago International Show and champion bull at the Illinois State fair in 1941. The herd continued on with Max Cribbet and his sons Greg, Brad and Steve. Today the herd is run by Brad along with his son Clint Cribbet and his children Calvin and Daisy. The herd consists of around 20 brood cows and 10 heifers.

Clint Cribbet is the Illinois state Milking Shorthorn president and past national director for 11 years. Our family continues to show at county fairs, state fairs and national shows. Over the years our farm has produced many All Americans and one national grand champion bull. The Cribbets would like to welcome everyone to this year's national Milking Shorthorn convention of 2022 in Champaign, IL.

Martha Henderson & Milking Shorthorn friend

fairs this coming summer. Caring for cows since my retirement is like a dream come true!

FROM MARTHA HENDERSON: I grew up on a farm in rural Macon, IL. I started showing cattle when I was very young. As I got older, I left the farm physically, but never mentally. After retiring from a career in teaching I have rejoined the Milking Shorthorn ring. I cared for and showed cattle for Weidner Prairie Farm this past summer at the Illinois State Fair. Since then, I've acquired five heifers. I will return to the Illinois State Fair as well as some county

MERIVILLE FARM of Earlville, Illinois was established in 1936 by John E. and Rosa Hoffman, who started married life milking eight Milking Shorthorns for a cream route. Their sons Gerald and Kenneth built up the dairy herd considerably in the 1950s and 1960s with breeding stock from breeders such as Arnold Kohley of Lisle, Illinois; Emmet Arnold's Sunnyside Farm in Rock County, Wisconsin; John C. Gage of Eudora, Kansas; and W. Arthur Simpson of Lyndonville, Vermont. We owe much to the efforts of these dedicated breeders that came before us. Kenneth's widow, Winifred, and their daughter Martha Hoffman Kerestes continue breeding and milking traditional Milking Shorthorns with both milk and meat traits.

Martha Hoffman Kerestes & two of her favorite Meriville Milking Shorthorns

Stanley Family with Silk Plush, the 1934 Illinois Grand Champion female shown by C W Stanley and then sold.

FROM ROGER STANLEY, Effingham, IL: About 1917, a few farmers around Inghram, Illinois including Cyrus William Stanley formed a union called "The Inghram S. H. B. A." The group decided that a dual-purpose breed would benefit them all so they purchased a pure-bred Shorthorn bull, Cyrus Duke, from the herd of May & Otis, Willoughby, Ohio for \$300. [That would be \$6500 in today's dollars.]

Cy also bought Spotted Lady 2d and her heifer calf in 1917 from Tom Geffs, Yale, Illinois. Cy then built upon and improved his herd with the help of his wife, Sallie, and their thirteen children.

In the 1920s, C. W. Stanley and Sons began showing their cattle at the surrounding fairs, then broadening their show circuit to include other state fairs and national shows, selling their breeding stock and winning many blue ribbons. Two of Cy's sons, Fletcher 'Red' and Nelson 'Curly', continued breeding and showing Milking Shorthorns under the name Stanley Brothers. Four generations of the Stanley family raising and showing Milking Shorthorn cattle ended in the 1990s.

Ropp Family of Triple S Genetics

TRIPLE S GENETICS started in 2002 as a 4-H project for Samantha, Savannah, and Sadie Ropp. We originally started with Jerseys and then branched off to Milking Shorthorns in 2005 with encouragement from George Halpin. Our small herd consists of 10 animals and multiple nominations over the years. 2021 was by far our most successful year starting in August with Grand Champion at Illinois State Fair with Triple S Lad LaidbacknLazy-EXP, and continuing to World Dairy Expo with a 1st place Jr. Best 3, and two 2nd places. We rounded out the year with one unanimous All American, and two Reserve All Americans, with a total of five nominations all of which were home bred. We are incredibly proud of all our accomplishments this year but even more proud to have welcomed a son and grandson this past year, Knox Joshua Fairbanks. We are excited to see what the future brings.

FOUR GENERATIONS

work with Halpin Farms and its Milking Shorthorns of Cullom, IL. The Halpin Family's Milking Shorthorn tradition dates back to 1938 when George's parents, William and Julia, received two bred heifers as a wedding present. Today,

the operation consists of 100 head milked at two local dairies (Mackinson Dairy and Erdman Dairy) with the calves, heifers and dry cows being housed at Halpin Farms.

Halpin Farms has exhibited Grand Champions four times at both the All-American in Harrisburg, Pa., and the North American International Livestock Show in Louisville, Ky. Additionally, they have earned four Reserve Grand Champion honors at World Dairy Expo, as well as numerous grand champions at the Illinois State Fair. Over the years, Halpin Farms garnered over 50 All-American titles and 20 Reserve All-Americans. Halpin Farms was the first herd to win Premier Breeder and Exhibitor banners at the aforementioned shows in the same year.

Halpin Family: George Halpin, Todd Hoffman, Amy Hoffman, their sons Bode & Holden Hoffman, Mike Halpin, his sons

FROM MATT BORCHARDT, Caledonia, IL: Sitting just south of the Wisconsin state line is Family-Af-Ayr Farm, a home to leading Ayrshire genetics and also where cattle from all seven dairy breeds call home. This is where you will find Circle B Milking Shorthorns being bred and raised by the Borchardt family since 2012. We would like to welcome everyone to Illinois for this year's National Milking Shorthorn Convention. Whether you are new to the breed and looking to get started or a well-accomplished Shorthorn breeder, we hope to have something for everyone to add to their herd at the National Sale. I hope everyone can make it to convention for good times, conversations and the advancement of the red, white and roan! We would like to open our barn doors to anyone traveling through our area to view cattle. Just give us a call ahead of time. We hope to see old friends and make new ones in Champaign, Illinois in June!

JOSH & RACHEL HUELSMANN, Stone-Huel Farm, Germantown, IL: I grew up on a registered Holstein farm. I started showing cows when I was seven years old and by doing this got to know a lot of different people that my family helped. One of the most influential people that I have ever met was Leroy Alwardt in 2000. I got to know him through the years of helping him and he got me interested in Milking Shorthorns. In 2005, while helping him with the cows, he and I worked out an agreement for a heifer. She was a nice, little thing that was an off-age calf that I was interested in. I ended up buying this heifer from him after working with him all summer. After that, I was sold on Milking Shorthorns. They are a different breed and I wanted to be able to stand out a bit in the show scene. When Leroy ended up selling his herd in 2008, the family that sold for the most was in the blood of the calf I had bought from him. I have continued to show throughout the years and plan on getting my own family into showing as they get older. My son, Levi, showed his first Milking Shorthorn calf at the Illinois State Fair last year, in the peewee show.

MARKETING AYRSHIRES IN TODAY'S WORLD OF SOCIAL MEDIA

Harold Deering

In today's world, marketing comes in many shapes, sizes and formats. Add in the pandemic, and the merchandising landscape has become even more varied. Harold Deering from Honor-Roll Farm in Bridport, Vermont found himself in a scenario many in the dairy industry have faced. His family's facilities were dated and over-crowded, and the older generation was looking forward to retirement. The difficult decision was made to sell the farm, so the dairy herd had to be sold.

At the time the choice was made to liquidate the farm, the Deerings had 250 cows, which included 85 milking Ayrshires and Milking Shorthorns. Harold was learning through Facebook that there was a grow-

ing population of dairy herds interested in adding Ayrshires and Milking Shorthorns, so he got to work!

Harold became skilled at Facebook marketing by trial and error. The initial goal was to sell each Ayrshire and Milking Shorthorn individually as she peaked, which gave him the flexibility to always be selling his best. The decision was made to sell the Holsteins all together as one group to a private buyer. To their surprise, all of the Ayrshires and Milking Shorthorns were sold before the Holsteins ever left the farm!

Treating people right and responding quickly to requests for information has served Harold well. When it was all over, Harold privately sold 111 Ayrshires and 25 Milking Shorthorns in 11 months. The Ayrshires were sold in 11 states and Canada. He had at least eight buyers who made initial purchases come back for more later. Before starting his marketing campaign, Harold chose to sell 14 for beef and kept a few to stay involved in the industry he loves.

When asked why his buyers were interested in the Ayrshire breed, Harold said frankly, that wasn't even part of the discussion. He found that buyers were reaching out to him because they absolutely wanted Ayrshires, and not that he was selling them on the breed.

Harold says he held each of the three breeds on their farm to the same standards. He easily shared his personal feelings on the Ayrshire breed with anyone who asked,

By Becky Payne

proclaiming the breed's hardiness, longevity, strong feet and legs, and great day-to-day function. He added that he likes the personality of Milking Shorthorns.

One of Harold's favorites, and maybe the cow that put Honor-Roll Ayrshires on the map, is Honor-Roll Traveler Tacey 946, EX-94 3E. "Tacey" changed hands a couple times in her early show career until Peter Vail of Englewood, FL, became her final owner. She was a Jr. Champion at the Royal Agricultural Winter Fair, Reserve All-American, Reserve Sr. Champion at the Mid-Atlantic National Show and made 23,060M 4.4% 1009F 3.3% 760P in 305 days as a 5-year-old.

Harold Deering with his first Ayrshire in 1992

Harold has great appreciation for all of his buyers and the confidence they've shown in his Honor-Roll breeding. He's thankful to each client for giving his animals great homes and enjoys the follow-up he's heard from many on their success stories.

Lewis Catlett of Kimbolton, OH, says he was initially drawn to the show appeal of the Honor-Roll Ayrshires. He was looking for a show heifer for his daughter and saw Harold's posts

on a few different platforms. He ended up purchasing several animals and has had good success with the genetics he purchased from Harold as the Ayrshire milk quality fits in well with his business goals. Catlett's Stone Wall Dairy is the sole supplier of milk to Black Radish Creamery that markets specialty cheeses in Columbus, OH.

"Harold was persuasive," Victoria Hostetler of McClure, PA, laughingly ex-

continued on page 46

Harold is quick to share what he learned from his experiences marketing on Facebook:

- Don't post ads if you don't have multiple, current pictures available.
- Don't post ads if you're short on time that day. Wait a day or two if you won't be able to respond to requests quickly. If you're not serious, your buyer won't be either.
- It's helpful to talk to truckers in advance so that you can share with potential buyers when trucks will be coming to their area. Post accordingly around trucking availability.
- Consider putting your sale posts on non-Ayrshire pages as well, like Milk Cow Market, Dairy Cattle Show Enthusiast, Registered Dairy Cattle Classifieds, etc.
- Make short videos of your animal moving. Don't cut off parts of her as it looks like you're hiding something.
- Don't be afraid to ask for a holding fee/security deposit.
- Clipping animals and using before and after photos helps.
- Be honest about what you're selling – to yourself and to others! That's what keeps buyers coming back.
- Keep your posts short. You can add more information if people have questions.
- If you post the same animal more than once, be sure to change the ad and don't use the same photo.
- If you think your animals have value, buyers will too!
- Think strategically. Don't put too much pedigree information in the first post so that you can add more in a later post if needed.
- Find out what the goal is for the buyer. The animal they reached out about might not be the right fit, yet another one you have might be perfect.
- Facebook isn't taking the place of print media. It's another tool. If you're going to double up, you should use printed advertising and social media.

2022 National Ayrshire Convention
June 29 -July 2 * Embassy Suites and Convention Center * 615-890-4464

Invitation

The Tennessee Ayrshire Breeders invite you to join us in Murfreesboro Tennessee for the Annual Meeting of the Ayrshire Breeders Association. June 29 through July 2, 2022

Airport and Hotel

Air travel can be made to the Nashville International Airport (BNA) which is a 30-minute drive to the hotel. Ground transportation to and from the airport will be on your own.

Headquarters will be the Embassy Suite Hotel and Convention Center, 1200 Conference Center Blvd., Murfreesboro TN 37129. All rooms and suites have a king or two queen beds plus a sofa that makes a queen bed. Room rates are \$154.00 (flat rate) a night. Also included in your room rate is a cook to order or buffet breakfast each morning and an open bar reception from 5 p.m. to 7 p.m. Complimentary Wifi in all guest rooms. Please call 615-890-4464 to make your room reservations (use code AYR) before Sunday May 29th or use the attached link: [National Ayrshire Convention 2022.](#)

Prevent Flies Eliminate Flies That's the Goal

Our Fly Control For Dairy Farms Features Three Products

- Start with a Fly Parasite plan. It is the foundation for fly control.
- Add cedar fly traps to trap adult flies and help parasites take over.
- Have an electronic zapper (or two or three!) for inside fly control – they keep on zapping!

**The Best Fly is a Dead Fly!
Better Yet is No Fly!**

Marketing Ayrshires on Social Media —

continued from page 43

plained. She said that after reading some Facebook ads and talking with Harold, her husband made the trip to Vermont to look over the herd. He owned a few Ayrshires in the past, so it wasn't a huge leap when he purchased some and introduced them to their Holstein herd mates. Her daughter was excited to exhibit the Ayrshire grand champion and reserve grand champion locally last summer. Victoria says, "Overall, the Ayrshires have done very well and are holding their own with our Holsteins."

There's definitely a pattern to the comments made from buyers of Honor-Roll cattle. Perhaps the most compelling testimonial comes from Rich Hamker of Oberlin, OH. Rich says, "Being new to the breed, we didn't know where to go for Ayrshire genetics, and we happened to see Harold's Facebook posts. Harold is a great salesman and is very personable. He's very responsive and gave us great photos. He answered all of our questions and is a wealth of knowledge. He's so genuine; you know he's selling what he believes in." Rich said that Harold has kept up with their progress with his animals and has introduced them to many others active in the Ayrshire breed.

How can you doubt a guy who's had this kind of success?

Harold summed up his thoughts, saying, "Always be mindful of what you post on Facebook. You never know what influences a potential buyer. If people don't respect you as a person, they won't buy from you."

That's not just good marketing; that's a life lesson.

Harold's journey of marketing animals in the Facebook world hasn't ended with his own herd. He continues his efforts today helping others buy and sell cattle through social media.
