## MISSION STATEMENT:

To recognize and welcome the diversity of the Milking Shorthorn as a unique feature of our breed, distinguishing it from all other breeds in the United States. To encourage each breeder to use all the Society programs which will benefit them individually and respect the rights of other breeders to have a different goal and to use different programs. To administer the Society to effectively use the information generated by the breeders to aggressively market our breed.

# PRESIDENT'S CORNER

Joanna Landrum

As your AMSS board and staff have talked about the return of the *Milking Shorthorn Journal*, and as I have thought about writing this article, I spent time looking through previous issues of our beloved magazine. I looked at issues mailed to me personally from the 90s and 2000s and I flipped through issues mailed to my family in the 80s and beforehand. Yes, we too have kept nearly every copy of our AMSS publications.

As I looked through each magazine, I saw photos of people, some who I still know today, people who I've never known, and some folks who are no longer with us. I saw AMSS sale, show, and convention moments captured with smiles, banners, and beautiful cows. I saw generations of families, and cow families, honored with accolades, awards, and humility. I saw junior members, who now participate as adult members. I saw pride. I saw good cows. I saw great people beside those cows.

Flipping through these magazines created a sense of nostalgia: *a sentimental longing or wistful affection for the past, typically for a period or place with happy personal associations.*

While we can't change, or recreate, the past, I do hope that this issue, and all future issues, of the "rebooted" *Milking Shorthorn Journal* give you pride, make you smile, and bring about happy personal associations with the AMSS.

If you aren't receiving our monthly e-newsletter, please make sure we have an updated email address for you on file. Each issue features important news, updates, and reminders.

As promised, your board is working hard to be more transparent and provide timely information. Board meetings have been made public since August 2024 and AMSS financial information can be found on our website. We are also working to update various forms, applications, and policy documentation on our website. If you are interested in placing an ad (for a very affordable rate!) on our website, in our monthly e-newsletter, and/or in the *Journal* please reach out.

Congratulations to our All-American winners and nominees featured in this issue. What an incredible lineup of cattle.

June will be here before we know it. Please be mindful of our convention registration, sale, and junior show due dates along with award nomination and hotel deadlines.

Again, I hope you enjoy this issue of the beloved "Journal." Let us know what you think!

Joanna Landrum

# FROM THE EXECUTIVE SECRETARY

Kate Gulley

**W**elcome to the revitalized *Milking Shorthorn Journal*! I am excited to collaborate with the team at Morning Ag Clips (MAC). When I presented the idea of partnering with Morning Ag Clips to the board, I was confident in our collaboration.

I can't say enough good things about our partner at MAC, Margaret Brownell, who was also one of my former 4-H kids. She has been a tremendous asset in delivering our AMSS monthly e-newsletter and this Journal publication. Saying that I am proud of her is an understatement – and I will not hold it against her that she is an Ayrshire girl!

At AMSS, we are setting a new standard for how breed associations communicate with their members. We are the only breed that sends out monthly updates to our breeders, helping them stay informed about what is happening within our society. In last year's breeders survey, one of the key comments was the desire for more information. I hope we are fulfilling your request.

The diversity of this breed is what makes it so exciting. In the Milking Shorthorn breed, you can chart your path to producing animals that meet your specific goals. While we may not always agree, this lets us remain open to new ideas that can enhance this breed—not just in the show ring but also in terms of milk production and embracing the native side of our breed. The Milking Shorthorn cow is adaptable and capable of thriving in any environment.

I often hear people say they would not use certain breeding lines or would never buy a specific animal. However, if that breeding or that animal could enhance your own program, why limit your options? The breed is evolving, which I regard as a wonderful development.

Let us keep the momentum moving forward. Take a chance, you never know what amazing opportunities might arise.

Here's to embracing what 2025 holds for the Red, White, and Roan!

*Kate Gulley*

# FROM THE JUNIOR PRESIDENT

Tanna Luchterhand

Hello Everyone,

I hope the new year is treating you well! First, a big congratulations to all the 2024 Open and Junior All Americans. As many of you have likely heard, this year's National Convention will be held in Manchester, Iowa, and I'm so excited to reconnect with fellow Milking Shorthorn enthusiasts there. Most importantly, I'm looking forward to seeing both familiar faces and new juniors at the National Junior Heifer Show, showcasing their beautiful red, white, and roans!

See you in Iowa!

*Tanna Luchterhand*

# QUEEN'S CORNER

Taylor Sparrgrove

Hello Milking Shorthorn Juniors, Breeders and Enthusiasts!

Now that the 2024 show season is officially wrapped up and All American nominations and winners have been announced I want to give a big CONGRATULATIONS to everyone on a successful year! Over this past year I have had the best time getting to represent the Milking Shorthorn breed on the big stages. I spent most of September, October and November traveling to Pennsylvania, Wisconsin, Kentucky and many places in between. I have had such a great time being able to see the best of the best compete for national champion titles this past year, and meet so many amazing people who are involved with the Milking Shorthorn breed.

National Convention is right around the corner and I cannot wait to see everyone in my home state of Iowa in June! With national convention comes a new queen being crowned. I highly recommend any young ladies between 16 and 21 to apply for the National Queen Contest. I cannot put into words how grateful I am to have had the opportunity to serve as the 2024-2025 National Milking Shorthorn Queen. I want to give a big thank you to everyone who has made this past year possible and so enjoyable!

*Taylor Sparrgrove*

# AMSJS SPOTLIGHT

Jason Bagley of Bagley Bog Farm, Farmington, Maine

**F**or 17-year-old Jason Bagley of Farmington, Maine, showing Milking Shorthorns isn't just a hobby—it's a way of life. Jason's journey began when he was eight years old. To be more specific, his parents took him to the Green Acres herd dispersal. "We got two catalogs, one for me and one for my parents and they set me free to look through the barn to mark off and take notes of heifers I liked," Jason says. Unfortunately, he and his parents left the sale empty-handed. "When it came down to the auction of all the calves I liked, everyone else did too, apparently I've always had a good eye for a well balanced Milking Shorthorn," said Jason. Fortunately, one of Jason's dad's friends, Emily Monnat, saw how disappointed he was. Before Jason even made it back home, she and Kylie Preisinger had lined up a calf for him—SWAG Mr Rights Frozen—and that's when his Milking Shorthorn adventure really took off.

Since then, Jason has been very busy traveling to shows, working with his cattle, and constantly learning. He's competed at some of the biggest Milking Shorthorn events, including Eastern States, World Dairy Expo, NAILE, and the New England All Breeds Spring Show. Over the years, he's picked up awards, including:

- **Michael Halpin Junior Outstanding Progressive Breeder Award - 2024**
- **Junior Breeder & Exhibitor** – Eastern States Milking Shorthorn Junior Show 2024
- **Multiple Showmanship & Overall Showmanship Wins**
- **Notable Bagley Bog Farm Cattle - 2024**
  - **Bagley Bogs Rockstar Glamour Girl** - Northeast National Milking Shorthorn Junior Show; 1st Summer Yearling Reserve Junior Champion
  - **Bagley Bog Rockstar Girl Gone Wild** - Northeast National Milking Shorthorn Junior Show; 1st Spring Yearling
  - **Bagley Bog Ocean Jungle Juice** - Northeast National Milking Shorthorn Junior Show; 1st Jr 2 year old Reserve Intermediate Champion Reserve Grand Champion Best Bred & Owned
  - **RoseBog Rockstars JelloShot** - 10th at WDE, Reserve JC NAILE Jr show.

*Continued on next page*

*“The Milking Shorthorn community is full of people who care about the breed and want to see each other succeed”*

— Jason Bagley

Left to Right. Jason Bagley, SWAG Mr. Right Frozen, Andrew Bagley.

For Jason, there’s no way to name just one person or cow to have the most impact on his junior show experience. His parents have always supported his ideas and made sure he gets to the shows he wants to compete in. Fellow juniors push him to be better, and mentors like Cody Mills have taught him the ins and outs of breeding and showing.

“The Milking Shorthorn community is full of people who care about the breed and want to see each other succeed,” Jason says. “I’ve met so many great people along the way—it’s impossible to pick just one.”

Jason gets much help from his younger brother, Andrew, who plays a big role behind the scenes. Andrew prefers the grunt work like cleaning pens, helping do spring clipping, and halter training. “I couldn’t do what I do without him,” Jason says.

Following high school, Jason plans on attending Washington Community College to get certified in metal fabrication. After that, he would like to start his own welding truck business so he can set his own schedule and still make time for cattle and shows. On the farm, he hopes to expand the barn so his cows have big box stalls for Maine’s long winters. Jason is deeply invested in the genetics side of his herd as well. “For breeding goals, I strive to have a well balanced cow all the way through, big, level rump, with an outstanding set of feet and legs, wide muzzle, with a big ‘ole barrel in the middle,” Jason stated.

Long-term, his dream is to hear “Best Bred & Owned” announced with his farm name at World Dairy Expo and to see his genetics make an impact across the U.S. and Canada. Jason’s biggest piece of advice: Don’t be afraid to introduce yourself. “I’ve met some amazing people, by stopping by their packs and looking at their cattle and if they aren’t busy, stepping up, and introducing myself with a handshake. I’ve heard the best stories from so many people by doing that,” he says. Moreover, for juniors, Jason shares “Younger kids look up to you, even if you don’t realize it. Take the time to help them out as they’re the future of the breed.”

# GENETIC EVALUATIONS SET TO CHANGE IN APRIL:

## What to know about the upcoming genetic base change

Katie Schmitt, CDCB Industry Relations Manager

**O**n April 1, 2025, the routine five-year genetic base change will be implemented for the U.S. genetic evaluations produced by the Council on Dairy Cattle Breeding (CDCB). In preparation, here is what Milking Shorthorn breeders need to know.

### What is a genetic base?

A genetic base is the zero point from which PTAs (Predicted Transmitting Abilities) are measured in dairy cattle. Think of it as the starting line in measuring genetic improvement in a singular animal, herd, or even the national herd.

The genetic base is set by calculating the average PTA of cows born in a specific year. This group of cows is called the genetic reference population. In April, the reference population will move from U.S. cows born in 2015 to cows born in 2020.

The cow performance data used to set the reference points is stored in the National Cooperator Database – a collaborative, industry-wide database stewarded by CDCB. The ability to set zero points for genetic selection traits that reflect the national dairy herd is dependent on the continued commitment to industry programs that contribute data to the national database. Programs that include Dairy Herd Information (DHI) milk testing organizations, dairy records processing centers, and breed associations.

### Routine Five-Year Update

The genetic bases to which (most) dairy traits are expressed in the U.S. have been updated every five years since 1980. This adjustment schedule allows PTAs to reflect genetic improvement over time while still maintaining stability in evaluations. A routine update to the genetic reference population allows the industry to measure progress from a contemporary group rather than a historical group, giving breeders a better tool for informed decision-making.

Some countries choose to update their genetic base on an annual schedule, so be aware when comparing information from various countries and systems.

### Base Change Calculation

The math is easy. When genetic base change values are shared, it is simply the average PTA of the new reference population (cows born in 2020) minus the average PTA of the former reference population (cows born in 2015).

For most traits, changes greater than zero mean the younger cows have a higher genetic merit than the older cows. Genetic improvement has been achieved! The inverse is true for traits expressed on a negative scale like Somatic Cell Score; a greater negative value indicates greater genetic progress.

### Herd-level Impact

Discussing the new genetic base as a change from the previous population helps to put the anticipated impacts in perspective. This is because the change is how much the “zero” from which each PTA is measured is moving.

For example, in Milking Shorthorns, it is anticipated that the base change value for milk will be approximately 10 pounds. This means the PTA values for milk are expected to decrease about 10 pounds. In other words, a Milking Shorthorn bull who is +100 for milk in December is expected to be around +90 for milk in April (not considering any other impacts like the addition of new daughter or pedigree information).

Understanding the expected change is important when setting thresholds in breeding programs. A bull might check all of the boxes today, but on April 1, when the new genetic base goes into effect, he may no longer meet one's criteria. This is not because the bull's genetic abilities decreased, but because the starting line was adjusted.

*Continued on next page*

Figure 1 includes the estimated genetic base change in Milking Shorthorn for key traits. A complete table for all traits and all breeds is available at [uscddb.com/basechange](http://uscddb.com/basechange) and will be updated with final figures when available, by mid-March.

**Bottom Line**

The April evaluations – both traditional and genomic, male and female – will experience the genetic base change. As this

breed and the industry look to the future, the commitment to programs that gather and submit cow data into the National Cooperator Database cannot be undervalued. Producers currently engaged in these programs are encouraged to talk with their field representatives to ensure their data is flowing into the National Cooperator Database. This data results in greater reliability in selection traits, accurate representation in reference populations, and research to support new genetic tools. At the end of the day, data fuels genetic improvement.

# MILKING SHORTHORN PUBLICATIONS THROUGH THE YEARS

1921

The U.S. Post Office designated the Milking Shorthorn Journal as “second-class matter” on September 30, 1919 at the post office in Independence, Iowa.

It was published bi-monthly in the odd-numbered months by the Milking Shorthorn Society, Independence, Iowa. The May 1922 issue ran a short article explaining that “subscriptions were coming in so fast” that the staff hadn’t been notifying subscribers of their expiration dates and reminding them “of remitting the modest sum required to keep the circulation clerk in good humor and incidentally assist in paying the printer!” By the way, a yearly subscription was 50 cents or \$1.00 for 28 months.

Not only did the Milking Shorthorn Journal follow the progress and development of the breed, but, it covered historical world events and their effect on our breeders. The May 1945 issue featured a letter from PFC. Lee Kraus from Kansas stationed in Europe, described the rather unpleasant looking brown cattle he saw in central France. In that same issue, breeders were reminded of the harsh reality of war as they read that Harold Shaver from Iowa (Marcia Shaver-Floyd’s brother) had died as a result of wounds in the battle of Iwo Jima. Harold, a former 4-Her, showing his Milking Shorthorns was just 21 when he was killed. The Milking Shorthorn Journal not only carried pertinent cattle information and advertising content, but, in the days before “facebook” and social media, it was Thee connection between breeders across the country and the globe.

## What’s In A Name

Beginning with the June 1975 issue, the AMSS Board agreed to the new title of our official publication as “The Journal of the

Milking Shorthorn and Illawarra Breeds”. As our Executive Secretary at that time, Harry Clampitt, editorialized, “To those who approve - fine. To those who do not approve - don’t judge a book entirely by the cover.” Harry was a farmer-philosopher, well respected in the cattle world. He accumulated enough material from his monthly “Journal” editorials to publish in his book, “My Salad Days, When I Was Green”. If you’re lucky enough to find a copy, grab it for a great read!

In 1992, at the 44th Annual Meeting of the American Milking Shorthorn Society, members voted to adopt the original title “Milking Shorthorn Journal” beginning with the January 1993 issue.

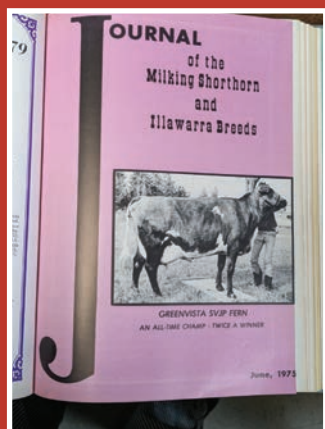

“The Angle” was born out of necessity. A cost saving experiment with the Ayshire Association, this publication premiered with the September/October 2018 issue.

The world of media is constantly revolving and growing in many directions. E-news pops up everywhere. Though the newsletter idea isn’t entirely new to the AMSS. Stuart and Emily Rowe edited the “AMSS Donor’s Digest” in the late 1990’s when Stuart served as Executive Secretary. “Tails and Trails” followed for a few years as an email to breeders. We want news that’s easily accessible...on our phone or other mobile devices. So...“the Journal” is back, in print 2x per year, complimented by the monthly e-newsletter, “Red, White & Roan News.”

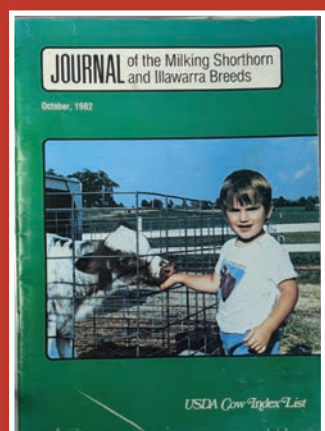

While we can’t stop change, let’s keep evolving, serving our breeders and promoting the Red, White and Roan.

# BEYOND THE BARN DOOR

## 5 RANDOM QUESTIONS

1. How did you get started in Milking Shorthorn?
2. What is the most interesting thing you have seen or read this week?
3. What word is a lot of fun to say?
4. What is the most useless talent you have?
5. What is the last song you sang along with?

**JOANNA LANDRUM**  
PRESIDENT

**How did you get started in Milking Shorthorn?** I grew up having Milking Shorthorns on our family farm. My dad, and his parents, used to milk on the 200-acre farm. I have attended

countless shows, sales, and conventions ever since I can remember!

**What is the most interesting thing you have seen or read this week?**

Most things I read are related to my job in higher education. I do like to find funny billboards or restaurant signage. Here's the latest one I saw on a trip to McDonalds:

How does McDonalds run out of hash browns?

**What word is a lot of fun to say?** I use the word "hmmm ..." a lot. I'm not really sure why, but it tends to be my go-to response.

**What is the most useless talent you have?** I am ambidextrous. I am left-handed, but I broke my arm in the third grade while goofing off at recess on the monkey bars. So, I had to learn to write with my right hand. I'm slow at it, but I can still write legibly with my non-dominate hand.

**What is the last song you sang along with?** I listen to just about everything, but most recently was probably an Adele song. I saw her show during her residency in Las Vegas - probably one of the best shows I've been to.

**KYLIE PREISINGER**  
BOARD MEMBER

These are tough questions!!

**How did you get started in Milking Shorthorn?** I'm the 4th generation to breed Milking Shorthorns under the Green Acres prefix. My girls are the 5th and we have over 100 years of involvement with the breed.

**What is the most interesting thing you have seen or read this week?** Reading personal statements of my students who are applying to university has been uplifting this week. They are truly excited about the future of farming which bodes well for all of us in agriculture.

**What word is a lot of fun to say?** Persnickety

**What is the most useless talent you have?** My most useless talent is my ability to roll my tongue. It's a genetic quirk so it is always fun to be able to do something not everyone can but it has absolutely no use!

**What is the last song you sang along with?** Defying Gravity from the Wicked Soundtrack. My girls have the soundtrack on repeat so I hear it while chauffeuring them around and we all sing along!

**SUSAN LEE**  
BOARD MEMBER

**How did you get started in Milking Shorthorn?** My parents purchased a farm in 1944 and had half Milking Shorthorns and half Holsteins to see which they preferred. Milking

Shorthorns won out so that is what I grew up with. My parents had never shown cattle or were they interested in doing so but my sisters and I were in 4-H it was intriguing. My sister, Sharon, and I decided we were going to start showing our cattle so started our journey - parents said fine but no help from us. Visiting with an old time friend and breeder, Cassuis Alton, he said "let me help you get started - I have to many heifer calves" and he let me choose between 4 calves. The rest is history.

Keeping up with what is happening in the world of politics - how it will affect milk and beef prices.

**What is the most interesting thing you have seen or read this week?** Easy reading - You're not lost if you can see the truck.

**What word is a lot of fun to say?** Tweedledee and Tweedledum

**What is the most useless talent you have?** All talents are worthwhile at some point in your life! Folding a fitted sheet neatly!

**What is the last song you sang along with?** Whiskey Girl or anything by Toby Keith

# EDUCATION CORNER

Not seeing lactation records on your pedigrees? Curious why your girls are making enough milk to be recognized on our “Honor Roll” and could top our production awards at the AMSS national convention, but aren’t being recognized? It could be a variety of reasons, all dealing with your DHIA test sheet.

When you receive your DHIA sheets, there is much more to check than milk weights, components, and your SCC.

Index	Brd	Permanent ID	Sire	Prev Milk	Sample Day Data					Barn Name	Lct #	Age at Calving	Days Dry	Calving Date
					Milk	% Fat	% Pro	SCC	Inc Over Feed Cost					
24	MS	68330161	452864	36	34	4.7	3.9	162		AZARIA	1	2-02		02-28-24
33	MS	68330604	*68319681	50	54	3.4	3.1	71		BAROMI	1	2-06		09-17-24
31	MS	68330602	7MS00341	36	42	4.1	3.2	19		BEIJING	1	2-06		08-05-24
720	MS	68326295	*840003132992404	52	60	3.9	3.5	246		BELLINI	4	5-02	75	09-02-24
730	MS	68326574	7MS00362	48	42	4.2	3.5	57		BOULIA	3	4-07	69	07-09-24

- Check to make sure that your herd code is documented in the AMSS office.**  
Contact Kate or Kathy in the AMSS office.
- Is the Breed (Brd) correct?**  
It should read MS
- Is the registration number of the cow correct?**  
If not, work with your DHIA tester/field rep to get that corrected.
- Is the sire information correct? An asterisk (\*) next to the registration could mean one of two things.**
  - The sire’s NAAB code or registration number haven’t been officially recorded with NAAB. (Some bulls were collected at more than one location, so they have more than one NAAB code. All of the NAAB codes for that bull may not be linked to the same sire.)
  - The sire has less than 10 daughters who have completed a lactation.  
Contact Kate or Kathy in the AMSS office to check the status of the bull.
- Double-check calving dates.**  
If not correct, work with your DHIA tester/field rep to get that updated.

Making breeding decisions based on our sire proofs are only helpful and effective with more accurate daughter data. If you are on test, make sure that your herd’s data is being included in these proofs. If you are not on test, please consider using this extremely helpful tool.

*“Data reveals impact, and with data, you can bring more science to your decisions.”*

— Matt Trifiro

# LET THE AMSS HELP MARKET YOUR BULL!

DEADLINE FOR SUBMITTING  
INFO IS MARCH 15, 2025.

The AMSS Board of Directors is in the process of creating the next edition of the bull book to further our breed promotion. This book will feature all collected bulls, in some form, available to maximize the genetic diversity and potential in your herd. We printed our first issue in 2015, and it was a resounding success. All bulls must be registered with the AMSS (GE, GR, G1, G12, EXP or Full Herdbook), have a proper NAAB code, be DNA tested, and have available semen. The Bull Book will have a variety of different marketing opportunities for you to promote your genetics. The size of a page will be approximately 4.25 X 5.5 inches. The cost for advertising will be as follows: 1 Bull = \$150, 2 or more Bulls \$110 per page, half page ads, cost is \$90, no photos or discount for this option, business card ad \$100. We will present as much information as possible on the bulls. In addition to the advertised bulls, we will have a listing of bulls in the back of the catalog for \$30, or 5+ for \$10 each. This listing will have minimal information about the bull. The April 2025 sire proof updates will be used. Copies of this publication will be printed, and it will be made available at the national convention, all national shows, to all

the members of the AMSS and anyone else who requests a copy. Deadline for submitting info is March 15, 2025.

#### For questions, please contact:

Allen Hess, Chair, (301) 991-2194,  
ahess@milkingshorthorn.com

Kate Gulley, Executive Secretary. (608) 365-3332 EXT 102,

# CONVENTION FARM TOURS

## HENKESEEN HOLSTEINS & MILKING SHORTHORN-THE HENKES FAMILY

Our past national president, Matt Henkes, will roll out the welcome mat for the second farm stop on the national convention farm tours, Henkeseen Holsteins and Milking Shorthorns. Matt and his dad milk 70 registered cows in a tie stall barn on their century owned farm near Luana, Iowa.

Matt purchased his first two Milking Shorthorns from the Innisfail herd in California as two-year-olds in 2016. Both cows went Excellent including, Innisfail RU Stella 329, the matriarch of the herd. At 11 years of age, Stella (329 EX-94-5E) was the 2022 national Milking Shorthorn Cow of the Year, with a top record of 34,171 3.5 1213 3.0 1045 and lifetime-to-date of 231,080 milk 8140 fat and 7156 protein. Stella 329's most notable offspring include 551MS0505 Henkeseen Cyride who was marketed by ST Genetics and Henkeseen Petrone Shots, Intermediate Champion and 1st 3-year-old at World Dairy Expo 2024. Shots is now owned in partnership with fellow Milking Shorthorn breeders Michelle Upchurch, Mike Gregory, and Susan Lee.

The most well-known of the Henkeseen bred cows is undoubtedly, Henkeseen Royalty Reason EX 92, two-time unanimous All-American as a Junior 2 and Junior 3 and Honorable Mention as a 4-year-old and Summer Yearling. Reason is an 8th generation Excellent tracing directly back to the most famous Henkeseen genetics with the Red and White and Black and White Holsteins. At the 2024 World Dairy Expo, Reason daughters garnered first place trophies in the Fall Yearling and Junior Best Three Classes.

Another daughter, Henkeseen Lotto Reckless, won the Milking Shorthorn Futurity at the 2023 World Dairy Expo. With daughters spread across the country, Reason's legacy is just beginning. Expect to see daughters in the calf barn by Henkeseen Renegade, Reason's popular Bender son.

Trent, Leslie, and their two children, Leah and Matt, are graduates of Iowa State University with degrees in Dairy Science. Leslie served as executive secretary for the Milking Shorthorn Society from 1986-1988. Leah is a sales manager for Precision Dairy Equipment and Lely Automation Elkader, in Iowa.

Besides showing cattle, Matt enjoys judging as many shows as time allows. He has judged the All-American and the Eastern States Exposition along with several state fairs. Matt served two terms on the national Milking Shorthorn board.

The Henkes' are excited to start the next generation showing dairy cattle with Leah's three boys. The oldest, Leigh, turned ten, joined 4-H and has become a Milking Shorthorn Junior member. Several Milking Shorthorns have already been shown as kiddie calves by the boys. The Henkes' have

also provided children in the community with the opportunity to show cattle at several shows.

After touring the dairy, you will enjoy lunch provided by the Clayton County cattlemen. Hope you enjoy your drive through beautiful, scenic northeast Iowa this summer. We look forward to hosting you!

## IRISH GROVE DAIRY-JOHN AND PEGGY SPARRGROVE

Irish Grove Dairy is looking forward to hosting you on the 19th of June as a stop on the National Milking Shorthorn Convention tour. Enjoy the view thru the hills and valley at our colorful pasture which is home to 6 of the 7 breeds of dairy cattle. John & Peggy Sparrgrove moved to this farm in 1989 when it was home to 35 cows. The dairy barn has been transformed twice since then and it is now home to a double-9 parlor. Walk through the

facilities that are now home to 150 milking cows and 120 heifers. View the cows that we love to work with, and a few we tolerate. Our National Milking Shorthorn Queen, Taylor Sparrgrove, who is our granddaughter, will love to tell you everything there is to know about the Shorthorns that populate our herd. Enjoy some breakfast snacks with milk & coffee and also some great company when you visit Irish Grove Dairy.

# NATIONAL JUNIOR HEIFER SHOW

## HELLO MILKING SHORTHORN ENTHUSIASTS!

Iowa is excited to host you at the 2025 Milking Shorthorn National Junior Heifer Show, at the Delaware County Fairgrounds in Manchester Iowa.

The grounds will open to exhibitors and sale cattle alike, Tuesday June 17th, with the show taking place at 5 PM Thursday June 19th. This will be a shavings only show, no straw or corn stalks/fodder will be allowed as acceptable bedding. Please feel free to bring your own shavings for bed down, or purchase shavings when doing your entries for the show, as we will have bags of shavings on location. Stalling will be first come first served, though please be mindful of your neighbors, and do not take more space than you need.

Our official for the occasion, Ryan Weigel, from Platteville WI, is excited to join us and use his many years of cattle and judging expertise to place heifers on the day of the show. Ryan is a world renown cattleman who has had his fair share of successes both in the show ring and on the judging side of the dairy industry, as he

has led multiple judging teams to victory at World Dairy Expo and other national contests.

Please watch for the entry form at a later date, this will be a Google Doc for easy sign up. If you are not tech savvy and would like a paper copy to mail in, please contact me.

Nearly all of our sponsorship slots have been filled, to those who have committed to a sponsorship already: Thank you! Your commitment to the youth programs is greatly appreciated!

If you are interested in sponsoring a class or showmanship award, please feel free to contact me.

All the Best!

# AMSS JUNIOR AWARD PROGRAMS

**Our juniors do some incredible things – get recognized!**

More details about awards and forms are available on the AMSS website under the Juniors tab or by request from the AMSS office.

## ★ MICHAEL HALPIN JUNIOR PROGRESSIVE BREEDER AWARDS

Mike was a national board member, enthusiastic Milking Shorthorn breeder and promoter, and spread that passion to all he met. Two awards are given in his memory to juniors that demonstrate involvement in junior Milking Shorthorn activities, farm and/or care of their own cattle, as well as other agriculture, youth, community and school activities. An interview is required.

## ★ RACHEL SURRIDGE NATIONAL YOUTH CONTEST

Rachel was a past AMSS office manager and considered the AMSS her family. This award focuses on a junior's involvement on their farm operation, emphasizing involvement in the breed development of the herd, responsibilities in their operation, and highlight their leadership in and outside of the Milking Shorthorn Society and their future plans. An interview is required.

## ★ CINDY CLIMER & JIM KING MEMORIAL SCHOLARSHIPS

Given in memory of Cindy Climer and Jim King, 2012 AMSS Co-Citizens of the Year, who both gave much of their time and energy to the service of AMSS and AMSJS memberships. Several scholarships will be awarded to eligible applicants. Does not require a live interview.

## ★ QUEEN CONTEST

The Queen will have the opportunity to represent the breed during at least three National Shows and National Convention the following year. She should represent her title at every Milking Shorthorn event she attends through the year. An interview is required.

## ★ AMBASSADOR CONTEST

Duties include assisting in award presentations at Milking Shorthorn shows and national convention and promoting the breed at all events they attend.

## ★ JUNIOR EXCHANGE PROGRAM

This program connects AMSJS members with sister breeds, either in the United Kingdom or Australia. On this approximately one-month trip, the winner will stay on several different family farms and perform various duties. They will also give a presentation of their trip at the following national convention.

## ★ JUNIOR MILK PRODUCTION AWARDS

Juniors may apply for production class awards for any qualifying animal they own.

**AWARD APPLICATIONS DUE MAY 16TH –**  
winners announced at the AMSS National Convention

# AMSS AWARD PROGRAMS

Receive recognition for your outstanding cattle, herd, and individuals!

More details and forms for all awards are available on the AMSS website under the Programs/Services tab or by request from the AMSS office.

## ★ WILLARD E. GERNER MERITORIOUS BROOD COW

Based on PPR values of cow & daughters

## ★ HARDY COWS

DHIR herds eligible for individual cows that completed the following in 2023:

- **Bronze** – 100,000m or 4,000f or 3,500p in 6 lactations or less
- **Silver** – 150,000m or 6,000f or 5,250p in 9 lactations or less
- **Gold** – 200,000m or 8,000f or 7,000p
- **Diamond** – 250,000m or 10,000f or 8,250p
- **Platinum** – 300,000m or 12,000f or 10,000p

## ★ COW OF THE YEAR

Based on 305-day records, classification, number of daughters, show winnings, age, and calving interval

## ★ MILK QUALITY HERD AWARD

Yearly SCC average < 150,000

## ★ RED, WHITE & ROAN CLUB

Meet 2 of 3 categories below at end of productive life.  
150,000m or 6,000f or 5,250p.

## ★ GOLD STAR DAM

Recognizes outstanding maternal contributions to the breed.  
Based on daughter classification and completed milk records.

## ★ CITIZEN OF THE YEAR AWARD

Based on dedication to Milking Shorthorns through efforts that have benefited the breed and/or Society

## ★ DUAL PURPOSE BREEDER OF THE YEAR AWARD

Based on dedication to Dual Purpose Milking Shorthorns through efforts that have benefited the breed and/or Society

## ★ HARRY CLAMPITT YOUNG BREEDER AWARD

Ages 21-45 qualify, based on participation at local, state, district and/or national levels (may include shows, sales, committee work, breed promotion, and offices held)

**AWARD APPLICATIONS DUE APRIL 15TH -**  
winners announced at the AMSS National Convention

## The Red, White, and Roan eNews

is delivered to your inbox on the first Tuesday of every month. With a mix of show winnings, board updates, and a calendar of events. *Do you want to receive the eNews?* Get added to our list! Email [info@milkingshorthorn.com](mailto:info@milkingshorthorn.com).

# IN MEMORIAM

## WILLIAM "BILL" BARTLETT 1962 - 2025

William "Bill" Bartlett age 62 passed away on January 18, 2025 after a long and courageous battle with pancreatic cancer. He was surrounded by his loving family.

He was born on January 30, 1962 in Amesbury, MA to Robert Morrill Bartlett and Barbara J. (MacAskill) Bartlett. He was preceded in death by his father and his brother, Robert E. Bartlett.

Bill was a lifetime resident of Salisbury MA, until 2017 when he and his wife Cheryl purchased the farm in Farmington, NH. One of Bill's greatest passions was his milking shorthorn dairy cattle. He bred generations of excellent cow families, including his favorite, "Peri", with many descendants still in the barn today. He showed at many local and national shows, where he won many champion titles, and All American Cows. He was an active member as a board representative for the American Milking Shorthorn Society (AMSS). Being an active member of the AMSS, he has established many personal connections who would become our cow family and friends. Along with showing the cows he loved to make his own hay, he would spend long hours mowing, tettering, raking and baling.

Along with his farm Bill and Cheryl owned and operated The Pines Camping Area (PCA) in Salisbury, MA. Bill was an integral part of this campground from spring clean up, fixing water leaks, cutting up the down trees, everyday maintenance, winterizing

in the fall, watching the boats come in from the marsh sites and playing ball with shortie. There was never a time he wasn't working. Work wasn't the only area he enjoyed with over 125 seasonal campers; he had a lot of close friends, resulting in Saturday night dinners, and the water fights with the seasonal kids. Always leading the fun with hay rides, noise parades, pool games, bingos, LCR etc. Bill had other hobbies as well including sailing, antiques, playing cards with his friends, loved learning about history and sharing his knowledge. Let's not forget his love for ice cream!

Bill is survived by his beautiful wife Cheryl (Kostka) Bartlett and his pride and joy, their dog Shortie. Also his children Lauren (Chris) Blackwood of Salem, NH, Lindsay Bartlett of Salisbury, MA, William "Billy" Bartlett of Salisbury, MA, Justin Gould (partner Carly Capolupo) of Salisbury, MA, and Courtney (Chad) Osborne, of Farmington, NH. Bill is also survived by his mother Barbara; and his siblings Jane (Robert) Kiggins of South Hampton, NH, Joanne Bartlett of Salisbury, MA, Donna (Jack Sandborn) Bartlett of Salisbury, MA. He is survived by one granddaughter Jordan Blackwood. Along with his family he is also survived by his PCA family, cow families, aunts, uncles, cousins, nieces and nephews. William also leaves behind his private nurse who took care of him until the end, Kayla (Nurse Ratchet) LaFlamme and her family.

*Please join us in Bill's Celebration of Life on Saturday May 3, 2025 from 1-5PM at The Blue Ocean Event Center, 4 Oceanfront North Salisbury, MA 01952. RSVP to Courtney Osborne at courtneyg3796@gmail.com or text/call 978-424-3416 by April 14th.*

## BIRTH ANNOUNCEMENT

### SYDNEY AND PAIGE SCHULZE

Roxann (Achen) Schulze and husband Christopher welcomed twin heifers Sydney and Paige on January 20, 2025. They join 15 month old sister Peyton. The couple received 2 Milking Shorthorns as wedding gifts in anticipation of this happening, and now have 10 total. Roxann is a Registered Nurse and will be staying home for a while. She is a past National Milking Shorthorn Queen and AMSJS President. Christopher operates Twist-View Genetics milking 800 cows and a manure pumping business near Pipestone, MN. Grandparents are Craig and Cindy Achen and Rod and Linda Schulze.

# IN MEMORIAM

## JERRY D. KING

1937 - 2025

Jerry Dale King of rural Victoria, Illinois, passed away on Friday, January 3, 2025. He was 87 years old.

Jerry was born on January 23, 1937, the oldest child of Keith and Lillian (Nelson) King. He graduated from R.O.V.A. High School in 1954 and earned a B.S. in Agriculture from the University of Illinois in 1958. At the U of I, he was a member of the Dairy Judging Team, the Singing Illini Varsity Men's Glee Club, and Alpha Gamma Rho fraternity.

Jerry married Inis Marie Adams on June 13, 1959, in her hometown of Centralia, Illinois. The couple moved to the family farm where they built a life together over the next 65 years. Jerry loved farming, and he was blessed to be able to spend his days raising grain, livestock, and his children on the farm. He was a hard worker, a gentle person with good humor, a positive outlook, and a warm smile.

Throughout his life, Jerry participated in local, state, and national agricultural organizations. He was a longtime member of the Knox County Pork Producers Association. He served the Illinois Pork Producers Association as Secretary, Vice-President, President, and National Director, as well as through numerous committees. He was elected President of the National Pork Producers Council and was Chairman of NPPC's World Pork Expo Industry Relations Committee and Chairman of the NPPC Membership Advisory Committee, among others.

Jerry served on the Illinois Pseudorabies Committee, the Illinois Advisory Board of Livestock Commissioners, and the Chicago Federal Reserve Bank Agricultural Advisory Committee. He was a past

member of the Knox County Extension Council, the Knox County Farm Bureau Board, and the Knox County 4-H Youth Committee. He was past Chair of the Knox County Farmers Home Administration Committee and past Chair of the Knox County Agricultural Stabilization and Conservation Service Township Committee.

Jerry's hard work was recognized through various honors, including Superior Swine Producer Award, United States Jaycees Outstanding Young Farmer, Prairie Farmer Master Farmer, and the U of I College of Agriculture Alumni Association Award of Merit.

Jerry also gave his time and talent to community affairs. He served on the R.O.V.A. Community Unit School Board for 12 years, nine of which he was President. He served on the Knox County Metropolitan Exposition, Auditorium and Office Building Authority and the Galesburg Area Chamber of Commerce Environmental Affairs Task Force. He was a Trainer in the Blackhawk Junior College Training Program for 11 years. He was a member of the Copley Township Board and the Altona Co-Op Board.

Jerry attended Oneida Methodist Church where he served as Chair of the Administrative Board and sang in the choir. He had a strong, clear, tenor voice and his beautiful rendition of "Oh, Holy Night" regularly celebrated the Savior's birth at Christmas Eve service. Jerry brought his musical talent to the stage through local theatre productions of The King and I, South Pacific, and Titanic.

He is survived by his wife, his sister Janet (Jim) Nelson, and his brother Mike (the late Peggy) Nelson; his children: Julie (Dave Shragal) King, Brent (Kim) King, and Brian (Becky) King; five grandchildren: Patrick (Kimberly) King, Keith King, Evan King, Adrianna (Daniel Urbina) Shragal, and Danielle Shragal; and two great grandchildren, Felix and Reina Urbina. He was preceded in death by his parents, his sister Janice (the late Dean) Larson, and his brother Jimmie King.

# BIRTH ANNOUNCEMENT

## HARVEY ROLAND AND HENRY SCOTT CAILTEUX

Michael and Nichole Cailteux of Pike Road, Alabama are pleased to announce the birth of their twin sons, Harvey Roland Cailteux and Henry Scott Cailteux. They were born on January 8, 2025. Each of the boys weighed approximately six pounds and were about eighteen inches long. Grandparents are Scott and Jane Cailteux of Lawrence, Kansas. Great grandparents are the late Elmer and Dorothy Von Tungeln of Verden, Oklahoma.

## GEORGE BAXTER

1932 - 2025

George S. Baxter, 92 of Newman, passed away at Reflections Memory Care in Savoy on February 26, 2025.

George was born and raised in rural Newman, Illinois, the son of James Stanley and Bernace Margaret (Skidmore) Baxter. He married his partner and rock Ruth Ann Trinkle on November 20, 1955. She survives. He is also survived by 4 children: Byron Stanley "Bernie" (Garnetta) Baxter of Newman, Mark Raymond (Pam) of Brocton, Sheila Ann, and Keith George both of Newman. George leaves grandchildren Jason Harden, Dr. Angela Baxter, Ashley Stewart, Matt Baxter, Brandon Baxter, and Elissa DeVore along with 9 great grandchildren. He is preceded in death by his parents, and sisters Audrey Porter and Freida Clapp.

George served in the United States Navy from 1952 – 1953 and was stationed in San Diego and Japan. While in the Navy, George, a musician at heart, had the good fortune to play drums for many well-known bands across the country including the legendary

Boots Randolph. Upon his discharge, George returned to the farm as the second-generation operator of Nev'r Idle Farm, now in its fourth generation, which boasts the oldest milking shorthorn herd in Illinois established by his parents in 1935. In addition, George, known as the Singin' Drummer, was an over-the-road truck driver, logging 4 million miles driving coast to coast. He loved farming and the dairy business and served on the American Milking Shorthorn Society Board and was recognized as a Master Breeder by the Illinois Purebred Dairy Cattle Association in 2010. The Nev'r Idle Farm herd won numerous trophies under his guidance and today remains a much sought after breeding herd. George was an icon on the fair circuit each summer and provided employment and learning experiences for area young men willing to work hard at the fairs or on the hay baler.

George was a member of the United Federation of Musicians Union for over 70 years with most of those years as a member of the Gene Trimble Orchestra. Music was in his soul, and he would always sit down at the drums and play and sing with anyone who wanted. He was also a member of the Newman United Methodist Church, and was a 70-year member of the Stanton Burgett Post #201 American Legion.

## 2025 ANNUAL MEETING ANNOUNCEMENT

To the Members of the American Milking Shorthorn Society:

Please let this notice serve as invitation to the 2025 annual meeting of the American Milking Shorthorn Society to be held Friday, June 20, 2025, at 9:30 am CST. The meeting will take place at the Delaware County Fairgrounds, Manchester, Iowa.

## BOARD OF DIRECTORS MEETING MINUTES

### June 2024-November 2024

**Motion** to expand the multiple E table to 6E and 7E with the wording to follow along. 6E is at least 13 years old and a different lactation number than 5E. 7E is at least 15 years old and has a different lactation number than 6E.

**Motion** to bring Brecon Akiva Sis into the Herdbook as a GI.

**Motion** to add a clause in the semen contract. \$1.00/unit storage fee if not moved within a year effective June 25, 2024.

**Motion** that the prefix must be the owner of the dam at the time of breeding.

**Motion** to make available to breeders' electronic pedigrees for \$3.00 until December 31, 2024.

**Motion** to use Morning Ag Clips for an e-newsletter beginning in early October.

**Motion** to have the AMSS online fun auction from November 29th-December 3rd.

**Motion** to pay expenses for Kate Gulley to attend the Krause dispersal in Texas.

To be eligible to vote at this year's meeting, you must be a paid adult member by March 31, 2025.

The ballot for election of delegates will be mailed separately. Delegates are chosen from the ballot to represent members and districts with the right and duty to vote on all matters that are presented at the annual meeting. Keep in mind, you may vote individually if you are present at the annual meeting. Business to come before the membership at the annual meeting includes:

1. Reports from the president and committees on programs and policies of the society discussed by the board of directors and subsequent action taken.

2. Election of directors to fill seats vacated by: Allen Hess, Kylie Preisinger, Katie Agnew, and Darren Ropp. Allen Hess and Darren Ropp are eligible to run for a second three-year term. Kylie Preisinger and Katie Agnew are not eligible for re-election. One of these seats will not be filled as the board moves to nine directors.

The national sale will be held on Saturday, June 21, 2025, at the Delaware County Fairgrounds, Manchester, Iowa beginning at 10 am.

Respectfully submitted,  
Kate Gulley, Executive Secretary

**YOUR GUIDE TO DNA & GENOMIC TESTING****WHO DO I CONTACT ABOUT TEST RESULTS?**

If you have any questions about DNA or genomic testing, Kate is your go-to person!

Email: [kgulley@milkingshorthorn.com](mailto:kgulley@milkingshorthorn.com)

Office: (608) 365-3332 ext. 102

Cell: (518) 769-3083

**AMSS TESTING RULES**

The American Milking Shorthorn Society (AMSS) requires:

- ✓ Bulls & flush dams to have both DNA & genomic testing.
- ✓ National champions to have DNA and/or genomic testing.
- ✓ Random testing for:
  - Every 100th registered animal
  - Every 25th embryo transfer (ET) calf

**HOW MANY TESTS WERE DONE IN 2024?**

So far, we've tested:

- 88 males
- 94 females
- 33 national champions
- 26 random animals

We get that the process can feel a little slow, but Kathy and Kate have a system that keeps things running smoothly. Thanks for your patience—we appreciate it!

We are so  
proud of you!!

*All those Years of Dreaming Becoming Reality*

We all have cows that ignite a passion for high quality cattle in our hearts. We have chased that dream for decades and are so thankful to have had all 3 Tobin Farms bred heifers in the Milking Shorthorn Show at World Dairy Expo 2024 place in the top 7!! Thank you to everyone who has come alongside to help or mentor over the years. We are thrilled with the successes of 2024 and cannot wait for 2025!!
